## TO SEND A TELEGRAM

Follow directions under the alphabetical directory listing for Western Union for your local service area. If there is no Western Union listing for your local service area, call or dial Operator and ask for Western Union.

The telegrams, cablegrams or radiograms you telephone to Western Union will appear on your telephone bill or you may telephone them from a coin telephone, paying as you would for a telephone call.

*Call by number  
for fast service*

*Use this booklet to jot down frequently called numbers. Ask your business office for a free copy.*

**HOW TO DIAL****HOW TO USE YOUR TELEPHONE**

- Be sure the number is correct and that it may be dialed direct from your telephone.
- Listen for the dial tone.
- Do not dial out-of-town numbers.
- Dial the first two letters of the prefix and the five numerals.
- Release the dial and let it return to its normal position. Do not force or retard the return motion of the dial, as this may result in a wrong number.
- If a mistake has been made in dialing, hang up then listen again for dial tone before dialing the letters and numerals.
- You cannot reach a party on your line by dialing. To ascertain the number of the party on your line, ask Repair Service for the number. To call a party on your line, dial Operator. Tell her the number you wish to call is on your line and she will assist you.

**CAUTION:** Do not confuse the letter "O" with the numeral "0" or the letter "I" with the numeral "1."

This is always the  
LETTER "I"

This is always the  
NUMERAL "1"

This is always the  
LETTER "O"

This is always the  
NUMERAL "0" (Zero)

**TONES & SIGNALS****DIAL TONE****HUMM-M-M-M-M**

The telephone equipment is ready to receive your call when you hear the steady humming tone.

**RINGING SIGNAL****BURR-R-RING BURR**

If you have dialed properly, and the line is not busy, you will hear the ringing signal—a "burring" tone at regular intervals. This starts 5 to 20 seconds after dialing is completed, that the called telephone is ringing. Please hang up until you have allowed the called party time to answer.

**BUSY SIGNAL****BUZZ- BUZZ- BUZZ-**

If the called line is in use, you will hear a steady "Buzz" "Buzz" "Buzz." When this happens, hang up for a few minutes, then try the number again.

**VOICE RECORDER SIGNAL**

A short high "Beep" tone, heard on the line about every 15 seconds, means that the person with whom you are talking is recording your conversation. Use of a recorder without this signal is unlawful.

**MISROUTED CALL TONE**

When you attempt to dial a number that should be placed with the Operator, you will hear the "misrouted call tone" . . . a continuous sound rising and falling in pitch. Hang up for a moment, listen for the dial tone, then dial "Operator."

## HOW TO PLACE CALLS

### FROM NEWHALL

Call Operator to place calls to exchanges, prefixes or localities listed below:

Adams	Dickens	Clebs	Lexington	Orchard	Sycamore
Angelus	Dunkirk	Granite	Liberty	Orion	Sylvan
Atlantic	Eastgate	Harbor	Lincoln	Odessa	Territorial
Amador	Edgewood	Hancock	Lorein	Owens	Texas
Barquet Canyon	Elgin	Highland Oaks	Ludlow	Oxbow	Thornwell
Bradshaw	Elliott	Hillcrest	Madison	Oxford	Topanga
Brighton	Elmwood	Hollywood	Mehalf	Portview	Topez
Capital	Empire	Hyatt	Midway	Pascent	Torney
Chapman	Eschsch	Jackson	Wagon Wilson	Plymouth	Trinity
Chase	Exmoor	Jasper	Mutual	Poplar	Tucker
Churchill	Faculty	Jefferson	Nevada	Prospect	Twin Oaks
Citrus	Fairfax	Kellogg	Newhall	Raymond	Underhill
Clinton	Florida	Kaysons	Newmark	Republic	Urwinville
Crestview	Frontier	Kinburly	Normandy	Richmond	Vandine
Combsland	Gerfield	Lakewood	Oakfield	Rogers	Venmont
Davenport	Gilbert	Lombert	Oleander	Sloan	Victoria
Devis	Glendale	Lawrence	Olive	Stanley	Webster
Diamond	Glenwood	Lehigh	Olympia	State	Wachman

To place calls to other points, ask the Operator for Long Distance.

### FROM PALMDALE (Windsor Telephones)

Dial only Windsor Numbers. Place all other calls with Operator.

## OUT-OF-TOWN CALLS

**STATION CALLS** . . . just say to the Operator, "I want (city), (telephone number)." This is when you will talk with anyone who answers.

**PERSON CALLS** . . . just say to the Operator, "I want (city), (telephone number), (name of person, extension number or department)." This is when you wish to reach a particular person, or a particular extension telephone or department connected through a private switchboard.

**COLLECT CALLS** . . . just say to the Operator, "I want to place a collect call to (city)." Then give the information for a Station or Person call.

**OVERSEAS CALLS** . . . just say to the Operator, "I wish to place an Overseas Call to (country)." The Overseas Operator will then assist you. The rates are surprisingly low. Some typical week-day rates are shown on the inside front cover under Overseas Calls.

The Overseas Operator will then assist you. The rates are surprisingly low. Some typical week-day rates are shown on the inside front cover under Overseas Calls.

**CALLS TO SHIPS and AIRCRAFT** . . . just say to the Operator, "I want the Marine Operator."

**CALLS TO AUTOMOBILES, TRUCKS and TRAINS** . . . just say to the Operator, "I want the Mobile Service Operator."

## TO PLACE A CALL FROM A MAGNETO TELEPHONE

1. If you have a party line, make sure the line is not in use before signaling.
2. With the receiver on the hook, signal the operator by turning the crank briskly far at least three turns.
3. Then lift the receiver. When the operator answers, give her the number you wish to call.
4. On completion of your conversation hang up and give the crank at least three turns to let the operator know you are through talking. She will then disconnect you.
5. If it is necessary to recall the operator she is holding your line, hang up and on a new call. Then remove the receiver and listen for the operator's answer.

## YOUR TELEPHONE DIRECTORY

### DISTRIBUTION

The Company distributes to its subscribers without additional service charge such directories as in its opinion are generally necessary for the efficient use of the service. Other directories will be furnished at the discretion of the Company for a reasonable service charge. As a matter of good service, the Telephone Company retains ownership of telephone directories. For this reason we ask that they be given to the delivery man at the time the succeeding issue is distributed.

### ATTACHMENTS TO DIRECTORIES

The attaching to this directory of any index, cover, or other appliance containing advertising is prohibited.

### DIRECTORIES OF OTHER CITIES

Telephone directories of other cities may be consulted at your Telephone Company Business Office. If you desire any copies, they may be secured at an additional service charge by arrangement with the Business Office.

### ERRORS

Every effort is made to make the directory as accurate as possible. The Company, however, assumes no liability for damages arising from errors or omissions in the making up or printing of its directories.

### ADVERTISING—YELLOW PAGES

For information on classified directory advertising, call your Telephone Company Business Office.

## GENERAL INFORMATION

### IDENTIFICATION OF EMPLOYEES

Employees of the Telephone Company, whose duties require them to enter the premises of subscribers, are supplied with identification cards. If you doubt the authenticity of the identification card presented, please call your Telephone Company Business Office and ask for the Manager.

### RATES

Rates and practices included in this directory are based upon those in effect at the time this directory was closed for printing and are subject to such changes as may be made from time to time.

### ATTACHMENTS TO TELEPHONES

In the interest of good service, please do not use any devices on telephone equipment except those furnished by the Company. The devices claimed by agents to eliminate noise, to destroy germs, etc., are usually detrimental and interfere with good service.

### PUBLIC TELEPHONES

Instructions are posted on or near telephone instruments. Please report service difficulties. A charge is not made on calls which are not completed.

# Long distance calls

**mean so much  
cost so little**

A long distance "visit" costs so little anytime you call—day or night. It's a special bargain after 6 p. m. on weekdays and all day Sunday.

*Low long distance rates to many cities are shown on the inside cover of this directory.*

# FREE telephone number booklet

## Handy booklets like these...

for your personal local and out-of-town numbers—are yours for the asking. Just write or stop in at your Pacific Telephone business office. By keeping a list of numbers you call frequently, you'll save plenty of time. Remember, your long distance calls go through twice as fast when you call by number.

## Alarm Systems

See Index of Headings on Back Pages

Telephone people in all parts of the Bell System have had long experience in working together. Tools, equipment, methods of tackling the job and the "language of the business" are the same north or south, east or west. This nation-wide unity of method and spirit means a telephone service of the utmost dependability.

The Dial Tone may take a few extra seconds during busy hours. When you hear the steady "hum" of the Dial Tone, go ahead and dial your call. But if you can't hear the steady "hum" and you hear the "beep" warning sound coming through, dialing without the "one" means you've dialled a wrong number. So dial number at a . . .

Before calling a repairman or a service man required for the job, check in the central office to get ready to serve you. When it is in position, you have a "helping hand" - a "dial tone" corresponding to an operator's number, a case?

Trade through the Yellow Pages.

The Dial Tone may take a few extra seconds during busy hours. When you hear the steady "hum" of the Dial Tone, go ahead and call your call. But if you don't hear it at once, please wait until the familiar humming sound comes through. Dialing without the tone can be a costly mistake. So it's number one.

Good party-line neighbors are considerate party-line users. Remember these golden rules:

- Space your calls instead of making several without a break.
- Talk only as long as necessary on each call.
- When you finish talking replace the receiver properly.
- Ask your youngsters to be considerate, too.

Behind on orders? Let Nancy Classified introduce the supplies you need. It's fast. It's convenient. Wise buyers say there's nothing like the Yellow Pages of your telephone book for getting in touch with almost everyone around who sells things, fixes things, does things. Try Classified here... you'll use it often.

Our free Appointment and Building Service will be glad to advise you about concealed telephone wiring in convenient telephone outlets.

Round on orders? Let handy Classified  
introduce the suppliers you need. It's fast.  
It's convenient. Wise buyers say there's  
nothing like the Yellow Pages of your tele-  
phone book for getting in touch with a host  
of people around who sell things, fix  
things, do things. Try Classified once -  
you'll use it often.

If you've wondered why there is sometimes  
a delay before you get the operator, here is  
the reason: our switchboards are serving  
more customers, who are placing more calls  
than ever before. We are rushing the  
equipment and installations needed to fur-  
nish a better service than ever to all tele-  
phone users.

Here's a tip for better car telephone service. You'll save time—and wrong numbers—if you wait for the dial tone before you dial. Listen for the already common "1" as your "go-ahead" signal.

Telephone men in all parts of the Bell Sys-  
tem have had long experience in working  
together. Tools, equipment, methods of  
tackling the job and the "language of the  
business" are the same north or south, east  
or west. This nationwide unity of method  
and skill means a telephone service of the  
greatest dependability.

The Dial-Tone rings to keep few extra seconds during business hours. When you hear the steady "thrum" of the Dial-Tone, go ahead and call your call. But, if you don't hear that steady, pulsing sound, please wait until the familiar humming sound comes through. Dialing without the tone results in a wrong number—or no number at all.

Here are the Golden Rules for good partying:  
 1. Turn off the TV.

- If you are using a dial telephone, listen for the steady humming sound of the dial tone before you dial.
- Spare your dial a second of making a variety of tones without interruption.
- When you finish talking, replace the receiver properly.

How use the Golden-Ruler to good party-line neighbors.

- If you are using a dial telephone, listen for the steady humming sound of the dial tone before you dial.
- Speak your call number clearly, holding a series of them without interruption.
- When you finish talking, replace the receiver properly.

Good party line neighbors are considerate party line users. Remember these golden rules:

- Space your calls instead of making several back-to-back ones.
- Talk only as long as necessary on each call.
- When you finish talking, replace the receiver properly.
- Ask your youngsters to be considerate, too.

**Continued on Page 182**

The Dial Tone may take a few extra seconds coming on at first. When you hear the steady "hum" of the Dial Tone, go ahead and dial your call. But if you can't hear it at once, please wait until the familiar humming sound comes through. Dialing without the tone results in a wrong number—or no number at all.

**WHO SELLS IT?**

### Party-Line Pointers:

1. Since your calls instead of making a whole series.
2. If yours is an emergency call and the line is in use, explain the circumstances to the person using the line.
3. If you are calling from a dial telephone always make certain the line is clear before you dial.
4. When the children use the telephone, ask them to be considerate, too.
5. Replace the receiver properly when you finish your call.

Remember orders? Let Handy Classifieds introduce the suppliers you need. It's fast. It's convenient. Wise buyers say there's nothing like the Yellow Pages of your telephone book for getting in touch with almost everyone around who sells things, fixes things, does things. Try Classifieds once, you'll use it often.

The men and women of the Bell System are used to meeting emergencies and they are trained and equipped to carry on in times of special need. For years they have known the test of fire, flood and storm. Always before them is the tradition that "The message must go through."

To extend service more widely in rural  
 communities, new methods and developments  
 are under way. Radio telephones for remote  
 places, underground wire, and high strength  
 steel wire for long-span overheads are part  
 of our current engineering programs.

## Service Station Equipment— Servicing

Bak's Shop Serv, 10442 Home, Wg. Spring, WI 7-210

Improvements in the telephone art which  
 may contribute to the expansion of service  
 in rural areas include high strength steel  
 wire requiring fewer poles; a method of  
 wiring telephone conversations over rural  
 power lines; rubber-covered wire that can  
 be laid directly on the ground, and a radio-  
 telephone for remote spots.

Telephone men in all parts of the Bell System have had long experience in working together. Tools, equipment, methods of tackling the job and the "language of the business" are the same north or south, east or west. This nation-wide unity of method and spirit means a telephone service of the utmost dependability.

### FOUR THOUGHTFUL ITEMS OF TELEPHONE PROCEDURE

1. Please answer promptly.
2. Please be off the line when the party you want answers.
3. Please speak definitely and slowly, with the l.h.s. just clearing the transmitter.
4. Please replace the receiver gently when they call hang.

## Who SELLS IT?

When you telephone a service, it is checked and there is no necessity of so many calls.

### Swimming Pool Construction & Service

Bevins Tile & Co. Inc.

6850 Locust, Fort Lauderdale, Fla 33308

You'll get quicker dial service if you follow these simple steps:

1. Listen for the dial tone. It's your signal that the equipment is ready to take your call.
2. Dial each letter and digit of the number in its right order.
3. Draw the dial all the way to the finger stop.
4. Lift your finger and let the dial return naturally, without forcing.
5. If you make a mistake while dialing, hang up for a few seconds and then start your call again.

Here are 10 Golden Rules for good party-line neighbors:

- If you are using a dial telephone, listen for the steady humming sound of the dial tone before you dial.
- Speak your calls as a series of making a series of them without interruption.
- When you finish talking, replace the receiver properly.

SEARS ROEBUCK & CO

1100 E. N. State Street, EMpire 2-7121

(Continued on Page 272)

Friends may not know how to reach you  
 if the telephone at your residence is listed  
 under another's name. You may have a sep-  
 arate listing under your own name for small  
 cost—and can save you that is often great.

(Continued on Page 273)

If you are in doubt about a telephone number, please check the Yellow Directory.

The Dial Tone may take a few extra seconds during busiest hours. When you hear the steady "thum" of the Dial Tone, go ahead and dial your call. Even if you don't hear it a second time, you will and the familiar humming sound comes through. Dialing without the tone results in a wrong number—or no number at all.

Behind on orders? Let handy Classified introduce the suppliers you need. It's fast, it's convenient. Wise buyers say there's nothing like the Yellow Pages of your telephone book for getting in touch with a most everyone around who sells things, fixes things, does things. Try Classified once... you'll use it often.

Consult our free Architects and Builders Service about concealed telephone wiring before you build.

Cook, neighbors are non-derogate party-line users. Remember, these are your neighbors.

- Space your calls instead of making several without a reply.
- Talk only as long as you have to on each call.
- When you finish talking, reduce the receiver's power.
- Ask your youngsters not to monopolize the telephone.

(Continued on Next Page)

Telephone men in all parts of the Bell System have had long experience in working together. Tools, equipment, methods of working the job and the "language of the business" are the same no matter north, east or west. This nationwide unity of method and spirit means a telephone service of the utmost dependability.

Here are the Golden Rules for good party-  
 line neighbors.

- If you are using a dial telephone, listen for the steady humming sound of the dial tone before you dial.
- Space your calls instead of making a series of them without interruption.
- When you finish talking, replace the receiver properly.

Here's how you may be sure of getting your party more often when you dial:

1. Look up your number in the latest directory.
2. Listen for the steady hummm of the dial tone.
3. Keep your eye on the dial.
4. Wait a minute before you decide your party isn't home.

The Dial Tone may take a few extra seconds during busiest hours. When you hear the steady "hum" of the Dial Tone, go ahead and dial your call. But if you don't hear it at once, please wait until the familiar humming sound comes through. Dialing without the tone results in a wrong number—or no number at all.

# Let Pacific Telephone install a PBX to fit your needs

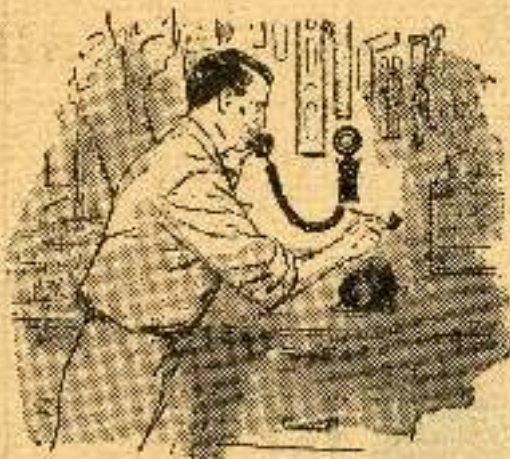

Here's the new Bell cordless PBX. It's designed for small offices and plants with 2 to 5 lines and 5 to 12 telephones. It handles incoming, outgoing and inter-office calls. And you can see, it's as attractive as it is useful.

You can have Bell System quality and dependable service in larger PBX's too. In fact there are sizes for every office. A Pacific Telephone expert will be glad to study your needs and recommend the right PBX to fit them. There's no charge for consultation. Just call our business office.

**Pacific Telephone**

## Telephones designed for every need

**Extension telephones** for modern living. Once you have a "step saver" in the kitchen—laundry—bedroom—or workshop, you'll wonder how you managed to get along without it. In larger homes you'll want more than one extension. They can be portable,

**Wall telephones**—especially convenient in the kitchen or laundry. Note the spring cord. It extends to a full four feet—curls into neat, short spiral when not in use. Spring cords available for all telephones.

**For the hard-of-hearing**—a telephone with built-in amplifier and adjustable volume control. Easy to operate. Permits the hard-of-hearing to carry on a normal telephone conversation. For home or business.

YOU'LL BE SURPRISED HOW LITTLE THESE EXTRA TELEPHONE CONVENIENCES COST. TO ORDER, SIMPLY CALL YOUR PACIFIC TELEPHONE BUSINESS OFFICE.

far  
from  
home?

## Long distance visits cost so little

See for yourself. Check the typical rates listed on the inside cover of this directory. You'll notice, too, that night and Sunday calls cost even less than those you make at the low, day "station" rates.

Moving problem? Whether you need a piano mover or a house hauler, you can locate things fast by a glance at the Yellow Pages. Your handiest guide to most every sales or service is in the easy listings of the Classified Directory of your Telephone Book. Refer to it first.

You'll find it fast in the

## Long distance visits cost so little

See for yourself. Check the typical rates listed on the inside cover of this directory. You'll notice, too, that night and Sunday calls cost even less than those you make at the low, day "station" rates.

● Pacific Telephone

**ALL TOGETHER... ON A SINGLE CALL...**

**...A LONG DISTANCE CONFERENCE CALL!**

*A Long Distance Conference Call* brings the circle of family and friends closer together . . . East or West, North or South, wherever they may be. You can talk to friends or relatives in as many as five different cities *at the same time*. You can give and get the latest news, make plans together, have a wonderful time!

*Easy to arrange!* Just give the Long Distance Operator the names, locations and phone numbers (if you have them) of the people you want to talk to; she'll do the rest. At the appointed time, all of you can talk back and forth as you would in your own living room. Why not plan to enjoy a get-together soon?

**Pacific Telephone**

**a part of  
good living**

... includes the convenience  
of telephones in kitchen,  
living room, bedroom  
and playroom.
