DEDICATION

To the 49'ers,
those valiant prospectors of the Gold Rush of 1949,
and
these pioneering members of the Class of 1949,
The first class to be graduated from
William S. Hart High School,
We respectfully dedicate this annual.

OAK OF THE GOLDEN DREAM
Newhall, California

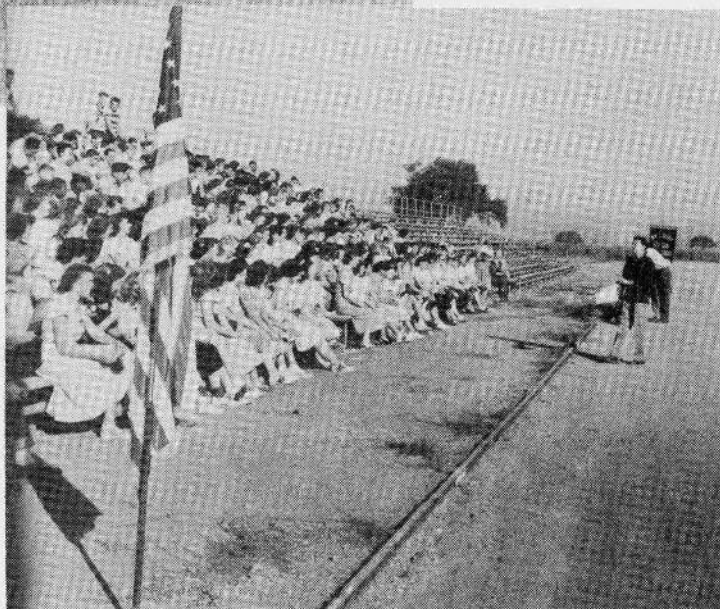

FOREWORD

One century ago, some of the first pioneers of the West began streaming to California in an effort to make their fortunes and find a new life . . . They have come to be known as the "49ers" . . . These pioneers and our graduating class —our 49ers— have quite a little in common . . . These students were the first freshman class of Hart High . . . the first sophomores, juniors . . . and now are the first class to graduate from our pioneering school . . . We are justly proud of our school, and these new graduates will be the first to start spreading its name in the fields of agriculture, industry, commerce and others. We hope this annual will be treasured by our graduates, and our undergraduates, in the years to come . . . Just as the memories of Old California were treasured by the Californians who stayed to work and make a great State out of a long strip of soil along the Pacific Coast.

DEDICATORY SERVICE

Roy E. Simpson, State Superintendent of Public Instruction, giving the main address.

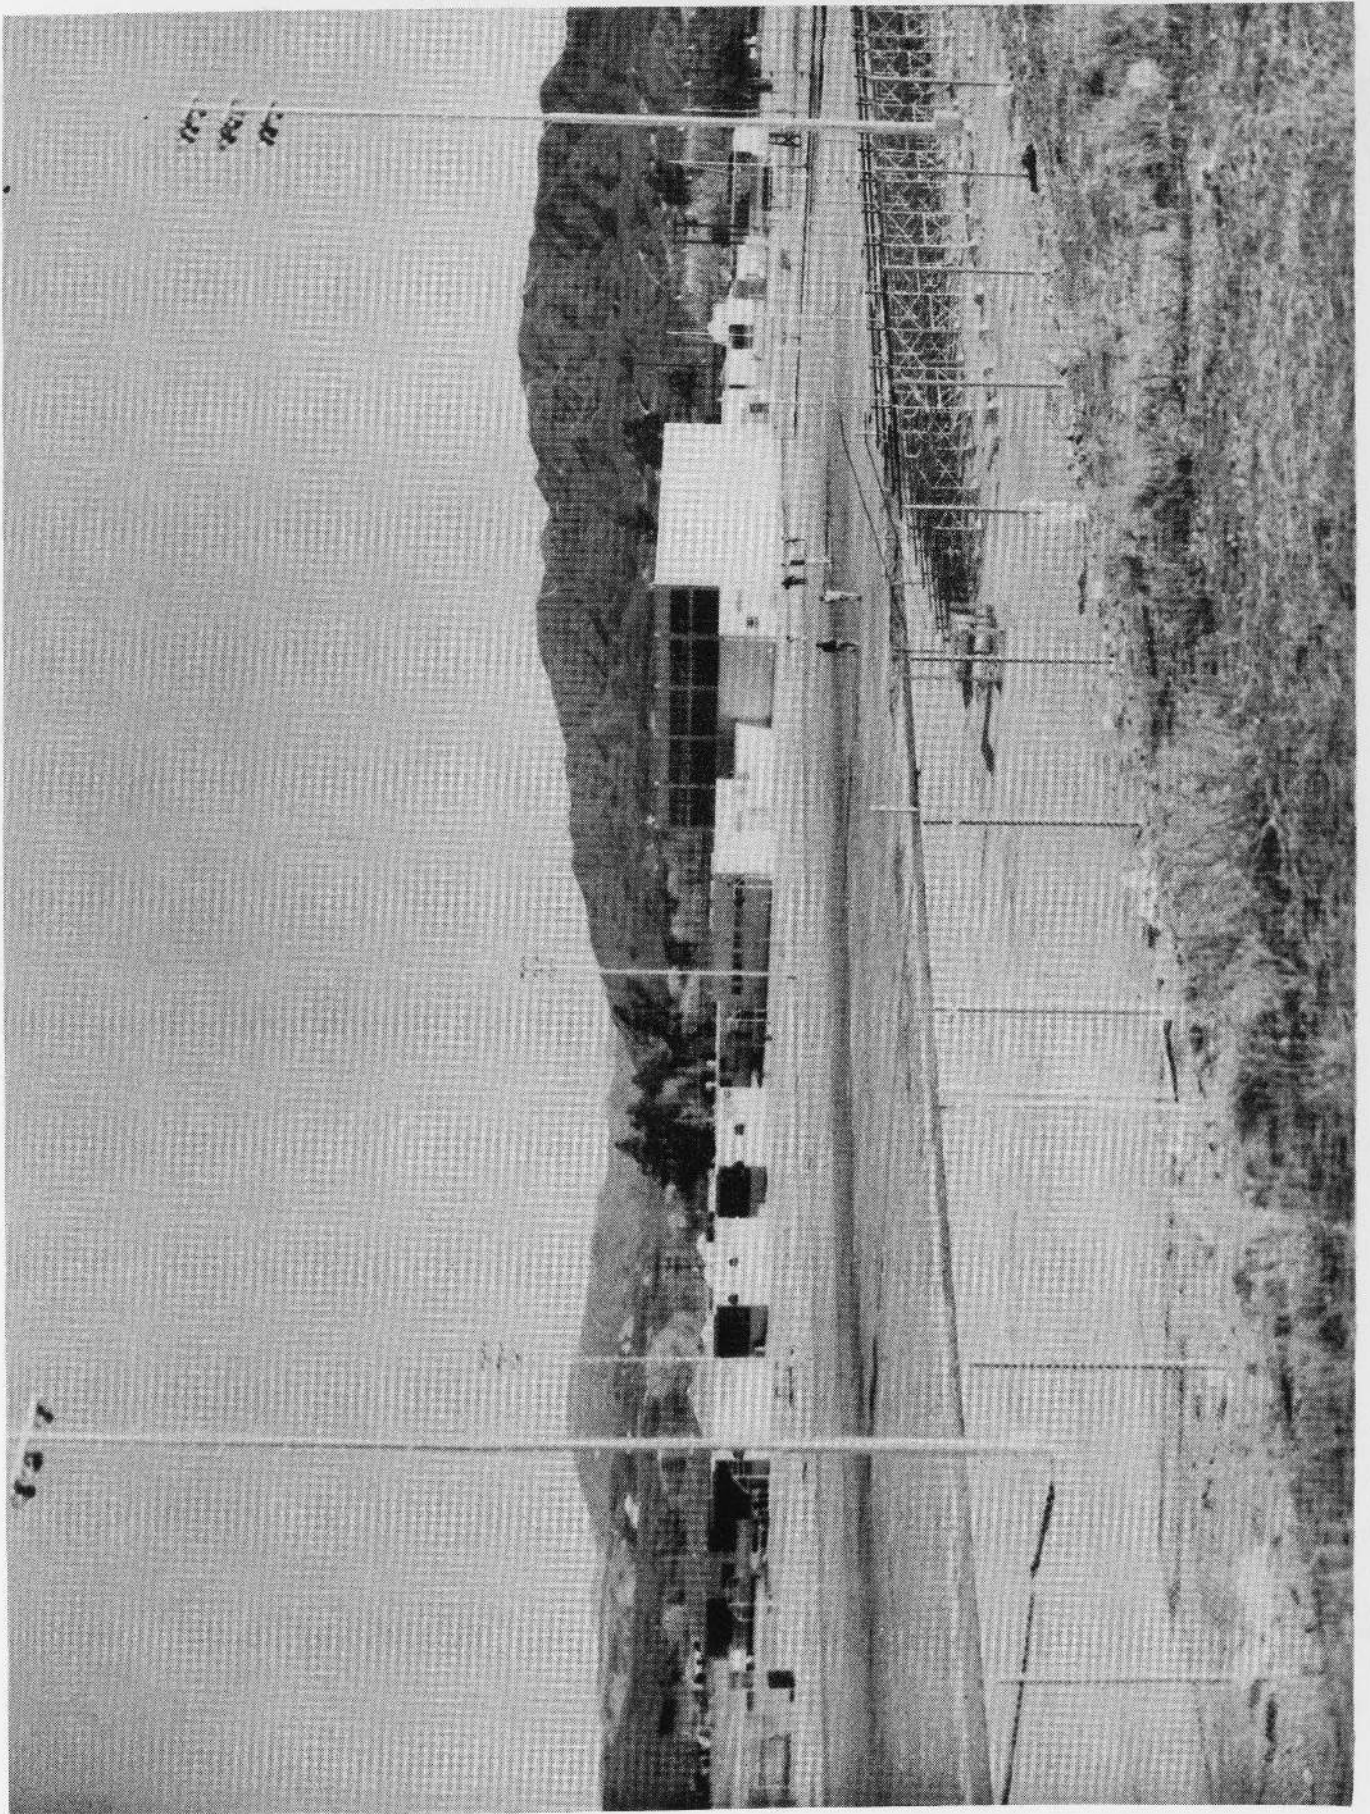

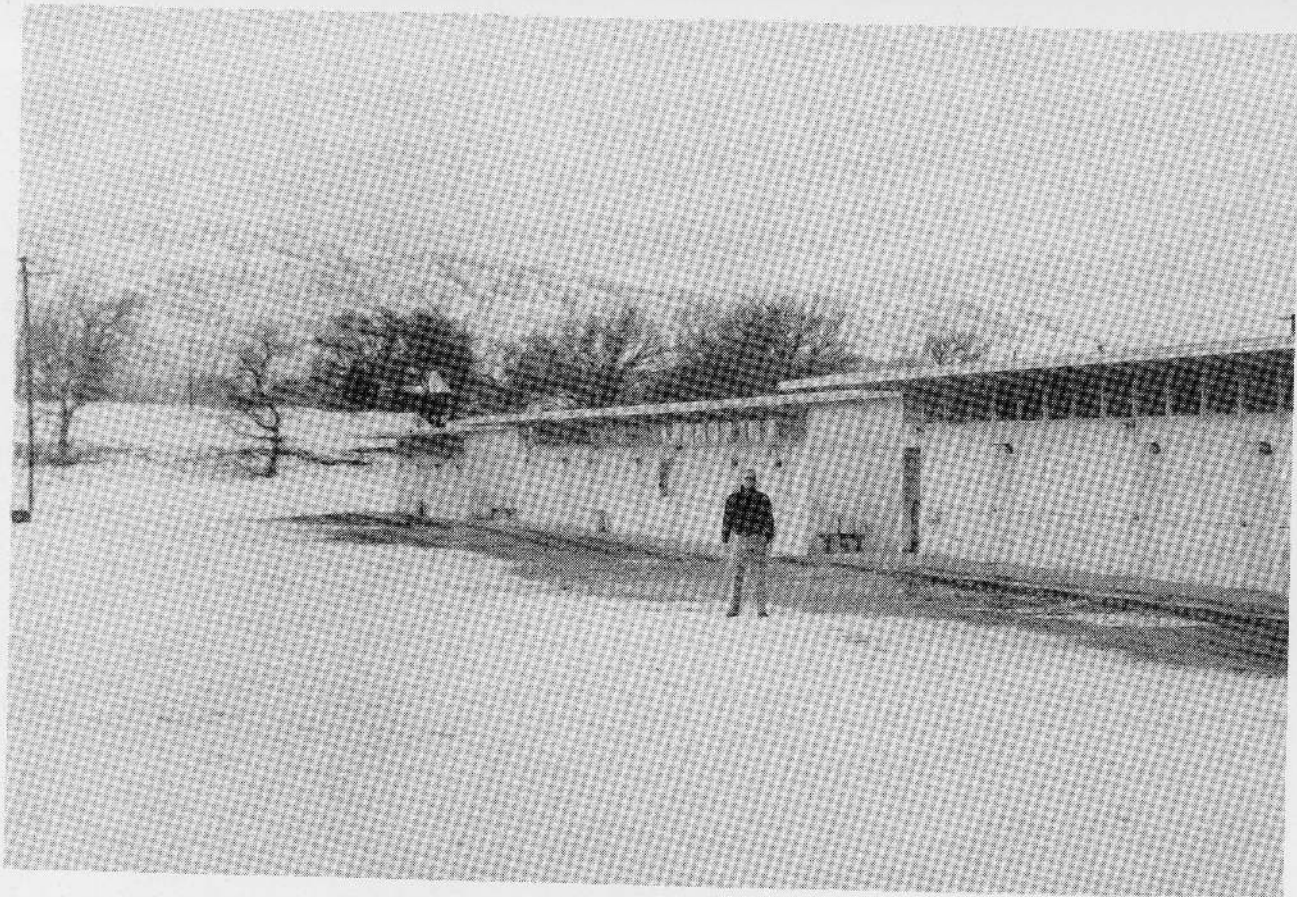

Maurice Doty Student Body President, has charge of the program.

Lower Left: C. C. Trillingham, County Superintendent of L. A. County, assisted us in the legal procedure in the formation of our high school district.

Lower Right: J. Beck, State Assemblyman from our district, who spoke in favor of the organization for our school at the State Board of Education in Sacramento.

IT COULDN'T HAPPEN-BUT IT DID.

THE CENTENNIAL CARAVAN BEGINS STATE TOUR AT HART HIGH

MR. DALBEY WELCOMES VISITORS

ADMINISTRATION

HART HIGH PIONEER TEACHERS

Lester C. Dalbey, Prin.; Helen C. Pfister; Lois Phillips; Russell Johnson, Vice Prin.

The above four people constituted the faculty of Hart High when it opened its doors for the first time in September, 1945. Mr. Johnson, Mrs. Pfister, and Mrs. Phillips served as full time employees, while Mr. Dalbey served as half time principal of the high school and half time principal of the Newhall Elementary School. Classes were held in the Newhall School Auditorium and two small rooms on the Newhall Elementary School grounds. Seventy-five students enrolled in the ninth grade made up the student body of the newly organized high school.

BOARD OF TRUSTEES

Standing left to right: Mr. T. M. Frew; Mr. C. L. Dillenbeck; Mr. S. S. Donaldson.
Seated: Mrs. Mildred O. Gilmour; Mrs. Mary P. Bonelli.

Democracy is based upon a belief in the inestimable worth of the individual. Followers of this doctrine conceive the welfare of the people, of individual persons, as the true end of all social effort. They believe in their own creative abilities and are encouraged to dream about the good life which they would build for themselves and their children. They lay plans for the society of tomorrow. We are grateful to the men and women of vision who comprise our Board. They provide ways of getting things done; through them the ideals of a community become realities.

JUNIOR HIGH STUDENT COUNCIL

Mrs. Haskell, Advisor; Billy Wright, Boys' Commissioner; Edith Clymore, Girls' Commissioner. Seated: Gary Yurosek, Vice-Pres.; Harold Austin, President; Jesse Coffe, Sec.-Treas.

First Semester

Since this was the first year for the organization of the Junior High, two plans of government were tried. The first semester there were executive officers elected by the entire Junior High. Because this did not allow for any classroom representation, during the second semester the student council included both representatives from each homeroom and the executive officers. Mrs. Haskell and Miss Shepherd were faculty advisors.

Outstanding accomplishments were the (1) organization of the Campus Patrol, (2) raising of about \$80.00 from selling popcorn (3) sponsoring of several social activities (4) the unification of all Junior High Students to foster school spirit.

JUNIOR HIGH STUDENT COUNCIL

Second Semester

Volunteers served to keep these areas clean and under control in the absence of the teacher. These officers were entitled to give demerits to persons who disobeyed school rules. Mrs. Haskell was the faculty advisor.

Miss Shepherd, Advisor; Dick Smith, Representative; Renard Noyes, 8th Grade President; Chuck Haws, Representative. Seated: Hazel Waltrip, Representative; Roberta Reynolds, 7th Grade President; Marden Dreher, Representative; Elmira Coffe, 7th Grade President; Marden row: Bob Santa Maria, Representative; Jesse Coffe, 8th Grade Cheerleader; Harold Austin, Representative.

The Smoke Signal Staff, made up of a small journalism class and a few "part-time, part-time" reporters, struggled through the year with no little trouble. However, they managed to issue the paper every two weeks and received few complaints from the student body, so they might count their year as partially successful.

Our goal this year is to increase greatly the number of volumes so that we will have built up by June a library which will be a real help to the students of Hart High in their work.

The method used in the Library Course is "learning by doing". Thirty girls and boys each semester have earned one credit for cataloguing, checking out books, book reviewing, book-mending, keeping records, and doing the thousand and one tasks in the care of the library.

VARSITY BASKETBALL

Coach Kivo, Holt, Van Peurse work out plays for the big game.

In his first year as varsity basketball Coach, Mr. Van Peurse turned out a well-molded combination that had scrap, drive and good teamwork all year. All they lacked was height and experience. These boys will be remembered as being the first Indian team to bring home a Ventura League victory (against Antelope Valley).

The little Cees presented a flashy, but small, aggregation to the first local crowd in the new gym last December, and had the honor of winning the first basketball game in the brana-new establishment—against Moorpark. Led by Coach Kivo, the Cees also pasted Fillmore twice and Oxnard once.

The midgets, comprised mainly of freshmen, will provide some good material for the A and B squads in coming years, and accordingly, our Indians should not be kicking around in the cellar for too long a period of time.

OUR ADVERTISERS

In el Canyon Placerita stands the Oak of the Golden Dream where Francisco Lopez found the yellow gold. To the north and south and east and west, steel derricks rise—symbols of man's conquest over nature—of his search for black, liquid gold. Fremont's route is now traversed by Packards and Pullmans; the covered wagon and buckboard belong to history. Yet we are proud of our heritage—of the restless pioneers who sought new lands in the West and found them good. "Salt of the earth", you say. Yes—and in this twentieth century they are still with us—men who have the courage and faith to establish a public service. Without this faith and service, our year book, even our Alma Mater, might not exist.

DON'T EVER FORGET. It is--

Not what you get,
But what you give;
Not what you say,
But how you live,
Giving the world
The love it needs,
Living a life
Of noble needs
Not whence you came,
But whither bound,
Not what you have,
But whether found—
Strong for the right,
The good, the true—
These are the things
Worth while to you.
