# The Newhall Signal

VOLUME SIX

NEWHALL, CALIFORNIA, FRIDAY, NOVEMBER 7, 1924

NUMBER 45

"For Each Other—Not Against Each Other."

## WILKIE'S STORE ROBBED SECOND TIME

Burglars entered the Newhall Dry Goods Store Thursday night and carried away goods to the value of several hundred dollars.

Entrance was gained by pulling off a screen and breaking a small hole in the window large enough to allow a persons hand to enter and move the lock.

Goods taken comprise shoes, shirts, stockings, overalls and jewelry.

The robbery was almost an exact duplicate of the one perpetrated on September 15th, on the same store. The same class of goods at about the same value and the robbers drove to the back of the store in a light car.

The work was doubtless that of Los Angeles thieves who are familiar with the location.

Constable Pilcher is working on the case and a number of deputy sheriffs were out from Los Angeles. There are very few clues to work on.

C E Graham's dog evidently saved him from a burglary, probably the same parties. He heard a noise and went thru a window at the prowlers who fled.

It is reported that the Dodge Agency in San Fernando was robbed.

## Hallow'en Merrymakers Have Good Time

With the coming of darkness until late bedtime Friday evening the Hallow'en merrymakers were out amusing themselves with the usual line of pranks, to the delight of the goodnatured folks (meaning those who escaped a visit from the prowlers) and the annoyance of the shotter tempered ones. No particular damage was done, though one or two business houses found their front doors somewhat cluttered up with rubbish, and the soap writers let no one escape them. Some of the boys must have thought it too funny to keep, and tipped Constable Pilcher, who asked some questions and then notified them that if the street was cleaned up nicely, all would be well; if not. This notice was given at 10:45 a. m., and at 10:48 a. m. the street was cleaner than it had been for months. Next year they will—do it again.

Mrs I I Hixenbaugh, Mrs Leo Logan and Miss Cleo Hixenbaugh of Los Angeles were in town Wednesday.

## Musical and Literary Entertainment

A musical and literary program will be given by Viola E. Stallcup and Mrs Mercedes Miller of Los Angeles, and Miss Romania Ray, of Newhall, at Hap-a-Lan Hall, on Friday evening, November 14th.

The proceeds of this entertainment will all go to the church building fund; these distinguished entertainers are giving their services to this worthy cause.

Miss Stallcup who has a large music class in Newhall, has been awarded one of the scholarships offered by the French government to musical students of America. She also has the distinction of being the youngest graduate from the Cincinnati Conservatory of Music.

The following are some of the press notices of Miss Stallcup and Mrs. Miller:

Los Angeles Examiner: Several thousand attended the Hollywood Bowl last night, intrigued by the announced appearance of three of the younger artists of Los Angeles. Violet E. Stallcup, a gifted pianist, presided at the Rubenstein Concerto, with the orchestra, with brilliant success, and received marked applause.

Chicago Music News: Mrs. Miller has a soprano voice of unusually agreeable quality, and a very appealing presence and thorough poise.

Wichita Beacon: Mrs. Miller has a high lyric voice of unusual sweetness and sings with rare charm and delicacy.

Miss Romania Ray is known to the Newhall people as a reader who charms and holds her listeners, until they are like the little girl who ate the candy—and called for more. The people always call for more of Miss Ray's readings.

The entertainment is under the auspices of the Sunday School classes of Mr. Edwards and Mrs. Purraker.

## Attention, School Patrons and Taxpayers!

Every school patron, every taxpayer and every parent is hereby notified to be at the school house  
WEDNESDAY EVENING  
November 12.

The school trustees have an important matter to present, and ask the people to help settle it. Will you show your interest in the town and school, or will you stay away, and then kick because something is done that doesn't suit you. The trustees are anxious to do the best thing possible for the new school building, and want the people to know all about it. Again we say,  
COME WEDNESDAY NIGHT

## Election Quiet

With very little excitement, 229 people appeared on Tuesday and filed their votes that made a choice for president. The original registration was 299, but many had moved away, and had neglected to remove their registration to the new voting place. Mesdames H. B. Russell, Bailey Taylor, Marpe, and Miss Belle Hernandez, together with Rev. W. H. Evans and A. Webber, were the judges and clerks of election.

The following is the vote as divided among the parties:

Republican	121
Socialist	65
Democrat	14
Prohibition	18
Spoiled ballots	11

The law is quite strict as to spoiled ballots, and it is very easy to accidentally or through ignorance, to put on the mark which loses a vote.

## Presbyterian Church Notes

Sermon subject: "Lessons from the Radio."

Sunday school lesson, Feeding The Five Thousand.

C. E. contest starts Sunday evening. Be sure to come and hear about it. Marvin Pilcher led, Sunday evening.

## Henry Emmons Passes On

Henry Emmons, of Pico Canyon, died at his home last Thursday, October 30th, aged 81 years. The funeral services were held in the Noble undertaking parlors at San Fernando, Friday afternoon, conducted by Rev. Evans of the Newhall Presbyterian Church. Interment took place in Grandview cemetery.

Henry Emmons was born in Indiana, July 2, 1843. The family moved to Illinois in 1854, where Mr. Emmons grew to manhood, and was married in 1865. In 1878 the family moved to Kansas, and to California in 1904. For a number of years he made his home in Pico Canyon. He was a lover of God's great out of doors, and could say with the Psalmist, "I will lift up mine eyes unto the hills, from whence cometh my help. My help cometh from the Lord who made heaven and earth."

## CARD OF THANKS

We desire to express our deep gratitude to our many friends and relatives for their sympathy and kindness and flowers during the illness and passing away of our beloved husband and father.  
Mrs. JULIA EMMONS,  
And Children.

Entered as second-class matter, February 21, 1919, at the postoffice at Newhall, California, under act of Congress of March 3, 1879.

Well, that's that!

Most everyone remarks, "Just what I expected."

Democrats in Los Angeles county are sadly in the minority.

Charley Bryan couldn't fool the people of Nebraska the second time.

Mr. Morgan can learn the name and address of a mighty good lawyer by referring to his July salary roll.

The winter entertainments are very necessary in a town, and we hope there will be some of them this winter.

Senator Brookheart of Iowa has apparently been defeated. Running as a republican, he bolted the presidential ticket.

Now don't get all het up. Even if your candidate didn't win, he made a good fight, and that is what counts. Besides that, no president can go far wrong unless congress is willing.

And quite often it isn't.

Now then you fellows who imagined election had anything very much to do with making business dull, go ahead and make it lively.

Reports say Charlie Bryan had no comment to make on election results. When Charlie is knocked speechless, he has had some jolt.

But for those speeches in favor of Davis (made to help Brother Charlie) what a whoop of "I told you so!" William Jennings Bryan could have whooped.

Immediately on hearing the news, a lot of politicians grabbed axes and started for the republican woods, to cut cabinet timber. They may as well save their strength. Cal is some woodsman, himself.

This election has demonstrated that political parties as such cannot punish their members for independent action. Senator Norris of Nebraska has never had the support of the "reactionary" element of the republican party--and he was overwhelmingly elected.

It is sincerely hoped that the question of the United States becoming a member of the league of nations is settled forever, as far as the present form is concerned. It was not thought of as an issue until the nomination of Davis, who is president of a society which has for its object the union of English speaking nations. Davis made it plain that if elected he would proceed to make this government a member. The people made the seven million majority of 1920 almost fifty per cent greater in 1924. Why not call it a closed incident, and work for international co-operation and good will on other grounds than that provided in the league covenant.

**THE ANTI-VENOM OUTFIT**

SENSIBLE precaution is protection, especially in the wilderness.

Any person who goes into the mountains on a camping trip should equip himself with an

"ANTI-VENOM" OUTFIT to be used in case of RATTLESNAKE or poisonous insect bite. It is a very effective antidote and will not fail, if used according to directions. For sale at Newhall Pharmacy \$2.50 each.

### San Fernando Road To Be Widened

The Chambers of Commerce of San Fernando, Roscoe, Burbank, and other towns located along the San Fernando Road are working on a movement to widening the highway from Los Angeles to Newhall. This movement should be strongly supported by every locality using, or dependent on the highway for transportation. Linking all the north canyons, and the heavily traveled Ridge Route, to the Los Angeles system of highways, the road is entirely inadequate. In addition to the other travel, a heavy trucking business has developed, and is almost daily becoming greater, and it will soon monopolize the road to such an extent that light cars will not have much chance. Moreover the road was not built to sustain heavy trucks, and despite constant repairs is steadily becoming a wreck. The road will need entire replacement, and if possible should be kept free from underground pipes which make cuts in the pavement necessary.

We suggest that the Newhall Chamber of Commerce come alive and do its share toward helping the widening movement along.

### Newhall Improvements

Despite the uncertainties of election, and the terrific drouth, Newhall continues slowly but surely to grow. The great demand for dwelling houses is resulting in some new structures, and indications point to many more in the near future.

Mr Mayhue has put up a building on the front of the property occupied by Mr. Vaughn. This is to be occupied for business purposes by the Vaughans.

Mr. Bates, who recently purchased the Gibson lot north of the blacksmith shop, is putting up a residence, which will be occupied by Miss Kilby, the real estate lady as soon as completed. It is probable that a neat business building will be erected on this lot, in the near future.

### Power Conservation to End

To the musical tattoo of the next raindrops, if they fall to the extent of one inch or thereabouts, will come to an automatic end the electric power saving campaign that has ruled throughout Southern California since July 1st last.

Harring that signal from the heavens, the restrictions on the use of power will, if no serious accidents occur, to steam plants now used to eke out the hydro supply, will be off on December 1st.

Announcement to this effect was made after a conference of Power Supervisor H. G. Butler and Assistant Manager F. B. Lewis of the Southern California Edison Company.

During the past week, for the first time in many months, there has been a net inflow in Huntington Lake, Edi-

son's storage reservoir, which halted the draft on that reserve hydro-power. On Wednesday last there was no draft and 106 acre-feet inflow, due to the recent rain; on Thursday, 16 acre-feet were used and 33 ran in; on Friday there was no draft and a net gain of 34 acre-feet.

Street cars, dredgers, cement plants, rock companies and industries generally are still on a curtailment of about 20 per cent and agriculture is under orders to do 10 per cent of its irrigation at night.

With the impending finish of the necessity for power saving, many words of praise are heard for the qualities of firmness, tact, consideration and quiet efficiency shown by the power supervisor. Occupying a buffer position between the public utilities companies and consumers, he has performed the near-miracle of satisfying all parties and bringing about civic team-work which has averted what would have been serious results under a less efficient hand.

Mr. Butler is not an attache of the State Railroad Commission, which selected him for the post, but is a private consulting engineer of San Francisco and was chosen because of the skill he displayed in similar executive work during wartime conservation.

### Dance At Hap-a-Lan Hall

Something almost happened! Only it just didn't. Everybody around here loves to dance and there is a continuous round of dances each center taking its turn. For some reason no dance had been planned for Saturday nite. But the fact was discovered in time and a dance will be given in Hap-a-lan Hall Saturday nite, November 8, with Ostrup's Orchestra.

Mrs Haskell, Penhorwood and Suraco of Saugus will be in charge and we can vouch that everyone attending will have a good time.

Sandwiches and coffee will be served.

### The Cruzan Mine

Clarence Cruzan was a Signal caller Monday. He and his father, W. H. Cruzan, are owners of the Old Rush silver and lead mine, and are holding it by doing the required assessment work. This mine is in Texas Canyon, and has been known for many years, a man named Rush being the owner and doing the assessment work for a long time. Finally something happened, it is not known what, and in a day or so Rush was found dead in the mine, probably due to some explosive he used in blasting. No one kept up Rush's claim, so finally the Cruzans acquired it. The father and son, and a hired man are doing the work now. There are four claims, each of twenty acres, and on each there is a tunnel; one is 135 feet long, a second one 75 feet, one 30 feet and another 25 feet. In one of the tunnels is a "winze," which means a horizontal shaft that starts inside of a tunnel instead of from the surface. Silver and lead ore has been found in all of them, and Mr. Cruzan brought in several fine ore samples. The drawback of the mine is the distance, fourteen miles from a railroad. Mr. Cruzan had a sample with him which he said would prove to be 75 per cent metal, and 75 per cent of the metal was silver.

### CARD OF THANKS

Dear kind friends of Newhall and vicinity, who by your many kind acts and deeds and words endeared this place to Don and me, know that I long to express my thanks for the sympathy and help extended me, and for the beautiful floral tribute paid him.

MRS. DON H. SACKRIDER.

# Mint Canyon Juleps

At Mint Canyon school house, on Dec. 6th there will be a benefit dance. Proceeds to go towards player piano recently installed in the school house. Buzzard Gulch Orchestra, composed of Mint Canyon boys, will produce the syncopated music. Everybody is welcome, so come out and help the kiddies with their piano. Refreshments will be served. Thank you.

Operations are in progress at the oil well located on the Hilton lease Mr. Gormley acting as head driller.

A. E. Tysall, our efficient mail carrier, enjoyed election day vacation elsewhere.

Ory Brown, our expert trapper, is very busy these days with his traps in and about Mint Canyon, good results.

The flock of young chicks numbering 95 was completely destroyed ~~over~~ <sup>over</sup> nights ago when a foxy civet gained entrance to the brooder house owned by Wm. Heim. After a glance over the silent battlefield in the early hours of morn, wondering by what route the little pets had taken premature departure, and thus evading the frying pan, a very satisfied civet was seen perched in the corner of the brooder house, seemingly unconscious of the terrible slaughter just committed. It is needless to say that Mr. Civet was quickly dispatched by the hand of Mr. Heim, who felt no reluctance in pulling the trigger hair.

Neighbors and friends numbering about twenty five happened to drop into the home of Mr. and Mrs. C. B. Lary at Lang last Sunday evening to enjoy their hospitality.

Mr. and Mrs. Clarence Jones, of Sand Canyon, entertained a number of their friends in their new home last Saturday night.

Mr. and Mrs. Earl Gardner are sojourning for several days at Santa Barbara.

Theodore Stensland, interested in the Gypsum mine, was looking over the workings last Sunday.

Carl Peterson has resumed his position as section foreman at Humphrey. His many friends bid him welcome.

On November 15 the Agua Dulce school will give its house warming. Everybody welcome. Ladies will serve cake and coffee. Buzzard Gulch Orchestra will play for the dance.

A number of Canyonites attended the evangelistic services last Sunday evening at Mint Canyon school house, conducted by Rev. Webb. He will hold a meeting on Sunday evening, Nov. 9th, and a Sunday School will probably be organized. Good lively singing. Everybody welcome.

Mrs. George Schaefer has been awarded the contract to convey school children to and from the Sterling school.

The four miles of new road that is being built to connect Soledad Canyon with Mint is progressing nicely. The lower two miles is known as the Agua Dulce road while the upper two miles will be known as the Morgan road, and connecting with Mint at Johnson Hill. When completed it will be a scenic drive with a road bed eight feet wide, and with a grade of 8 per cent and less.

Mrs. E. M. Alles of Graham was the house guest for several days of Mrs. Augusta Hayhurst at Sterling.

It is reported upon good authority that Mr. Luther is donating a lot located in the Oak Flat district to the Saugus Community Club.

## Saugus Club Has Merry Time

The dance given by the Saugus Community Club Hallowe'en at Honby, was one grand success from every point of view. The hall was filled to its capacity. The costumes were beautiful, tho some ludicrous. Every one tried to have his or her costume out rival the others. The judges, Mrs. Bob Woodard, Leslie Wright, Jessie Graves, Perry Seeman and Mrs. Peters were even puzzled as to whom the prizes should be awarded. Decorations were elaborate in every detail. Ernie Ostrup's five piece orchestra supplied the music. Candies in Hallowe'en colors were distributed to the guests, and fortunes were told "by one who knows."

Besides the ones who drew prizes for the best costumes, honorable mention may be made of

Mrs Penborwood in her picturesque costume of Little Miss Muffitt, even the big spider sat beside her. Mr. Ching Ching was ably represented by Messrs. Riedel and Kingsbury, and A Prisoner of Sing Sing, Jack Haskell. Time and space forbid mentioning the dozens of fine costumes in these columns.

The eight prizes were awarded to the following: First prize, Mrs. Grant, Newhall; 2nd, Mrs. Algie Rumsey, Saugus; 3rd, Mrs. Clark, Newhall. Gentlemen's prizes: 1st Walter Neal, Saugus; 2nd, Mr Gibson, Newhall, 3rd, C. M. Lewin, Los Angeles. Child's first prize, Forestine Suraco, Bouquet Canyon 2nd, Jeanette Grant, Newhall.

Mince and pumpkin pie, doughnuts and coffee and punch were served by members of the club.

Those in charge extend thanks to all who helped to make such a success of Saugus Community Club's first dance.

Mr. and Mrs. Howard Slayton, of Lang, have as their house guest Mrs. Vorbees, of Los Angeles.

We wish to correct an error in last weeks issue. Contributions for Mint Canyon school should have read, Mrs. H. W. Balestier of Balestier's Cafe, and Walter E. Hilton, of Glendale.

Sterling precinct vote cast was over sixty per cent, Coolidge winning by two votes over LaFollette.

When in Los Angeles stop at the Hotel Lee. Comfortable and quiet. Take ears going west on Fifth and Sixth streets. Hotel at 822 West Sixth.

A vastly increased amount of cotton was hauled through town, said to come from the San Joaquin valley, this fall. It was in ten-ton loads, but most of it does not seem very neatly baled. Of course, if it is used in the Los Angeles cotton mill, the covering is immaterial, but it will certainly have to have different covering, if exported or shipped to any distance.

The Masonic Club will give a dance in 'Hap-a-an Hall' on Saturday evening, December 6. The Club is planning on the assistance of the Star ladies, of course, to make this the most enjoyable of their always successful dances. Remember the date, and come and see if the boys don't do it just exactly right.

Oscar Hayhurst of Sterling, was in town Monday and was a caller at the Signal office on business. Mr. Hayhurst is now in sole charge of the Borax mine near Acton. This mine has an 'endless' supply of 98 per cent pure borax, but is not being worked for the reason that it was acquired by the borax trust a year or so ago, and they closed it down. The same company owns the big borax mines in 'Death Valley,' and is holding this one in reserve until needed.

Lee Carson has been driving a new Ford delivery truck in his feed and ice business the past two weeks, the machine being purchased thru the J. W. Doty agency.

For permanent waving and French paper curling go to Mrs. Harvey's Beauty Parlor, San Fernando.

V A Renfro of the Newhall Pharmacy was away Sunday and Monday visiting his mother at the home ranch near Downey and his brother at Long Beach. The nite before election he heard Coolidge's speech which came in perfectly over his brother's Super-Hetrocyne radiola. The speech was relayed over twenty-seven radios.

The Daley store was closed at five o'clock Monday evening, and Manager W. J. Wilhelm, Miss

Florence Betz, and Mr. and Mrs. Kingsbury went to Los Angeles to attend the monthly business meeting of the Daley organization.

Messrs Hubbard, Mellen Shaffer and Off continue on the Agna Dulce road.

Monday nite A E Matthew was up Mint Canyon in the evening on a "special mission."

Considerable new equipment at Summit for one week: a Ford and a homemade one horse dump cart. Both operate satisfactorily.

Bruce Anson recently put windows in his front porch and made a sun room of it.

Mr Tucker of the J W Doty establishment at Newhall, passed thru Summit on Monday.

The manager of Summit Service Station had a visit from his father, H E Johnson of Los Angeles over Sunday.

"Madam," said the motorist who had just run over the family dog, "I will replace your dog."  
"Sir," was the reply, "you flatter yourself."

It is predicted that in another generation, men will be wearing the Dutch cut. Fancy the Hon. T Kornelissen therewith.

Switzerland is to issue stamps commemorating the fiftieth year of the Universal Postal Union. Before the existence of this institution there were no uniform rates for foreign postage, practically no foreign registry of mail, and several other very useful features of modern postal service.

A wood stave tahk has been erected on a hill on the Conlin place.

The Noll family has moved from the Conlin place.

C W Thompson came home Tuesday to vote and brot home a load of fence posts.

**Saugus Sayings**  
*From The Enterprise*

Emmet Gleason, of Wood's Garage, is about to become the proud owner of one regular thoroughbred Police Dog, same to be acquired from Mrs. Madern, of Castaic. Both the mother and father of the dog is registered. Mr. Gleason is apparently an advocate of the "one man dog" idea.

Fielding Wood is sporting a classy new Chrysler.

Mr. and Mrs. Walter Neale entertained Mr. and Mrs. Levin, of Los Angeles, Friday, for dinner, later attending the goblin dance at Honby.

John Seltzer recently purchased a new Dodge touring car. Can't fool a garage man when it comes to selecting a car that "knows its stuff."

Miss Florence Cruzan and sister, Rose, of Huntington Park, were week end visitors at the Cruzan Ranch, and attended the dance at Honby Friday night.

A big patch of alfalfa is being planted on the Harry Carey Rancho in San Francisquito canyon. An abundance of water now available at the Rancho makes alfalfa crops particularly remunerative.

Walter Dransfeldt has been very considerate lately. He visited Long Beach only twice during the past week.

While returning from Los Angeles early last Wednesday morning, John Seltzer and Fielding Wood found a man lying beside the road in an unconscious condition. A passing car was hailed and the man was rushed to the hospital in San Fernando.

Don't forget the Saugus Community Club's next date in honor of Armistice Day, Tuesday, Nov. 11, at Honby hall. Ostrup's music.

Miss Helma Schmidt of the 6-S ranch motored to Los Angeles to spend the week end.

Mrs. A. R. Culver and son are spending a few days with relatives in Santa Ana and Long Beach.

**LOS ANGELES LAWYER  
MURDERED IN SAUGUS**

**Assassin Speeds Away Following Shooting--Captured by Jack Pilcher**

Vincent A. Costello an attorney and member of a wealthy family of Hollywood boulevard, is dead, and G. W. Burris, of Lamanda Park, is in the County Jail held without bail, as the result of an attempt of Mr. Costello to stop a passing motorist at Saugus early Monday morning after his own car had broken down.

The attorney and a party of friends were returning from the California-U. S. C. football game. Near Saugus their car broke down and Costello attempted to catch a ride to Los Angeles.

According to Constable Pilcher, the victim stopped a car driven by Burris. Costello is said to have jumped on the running board and asked for a ride.

Officers declare he was shoved off, and as he fell to the pavement Burris is said to have fired the shot. It struck Costello in the face. James Desick, of Wood's Garage, rushed the wounded man to the emergency hospital in Newhall.

It is claimed that when Burris fired the fatal shot he sped away. He was

captured a short time later by Jack Pilcher, Constable, near the town of Pacoima.

Burris was taken to Newhall and locked in jail. He was later removed to the County Jail by deputy sheriffs.

Costello was removed to the General Hospital in Los Angeles, where he died Monday evening without making a statement.

An inquest will be held today at which time it will be determined whether or not a complaint will be issued against Burris.

**Catholic Church**

**Spanish Swamp Home of Wild Camel Herd**

Wild camels exist in western Europe, within two days' journey from Piccadilly circus, writes a correspondent of the London Mail. There are a considerable number of them in this mysterious "colony," but no one knows exactly how many. To survive they have actually become semi-aquatic.

Up the Guadalquivir in Andalusia is the dreariest malarial swamp in Spain, and perhaps in the world, an endless vista of waterlogged wilderness, broken only by occasional low islands covered with willow scrub. Here, among enormous flocks of gulls and greylag geese, teal, widgeon, pochard and mallard, dwell the outlaw camels. In another five years the colony will have completed a century of life in western Europe. Their ancestors were brought over from Africa in 1820 by the Marquis de Villafranca for farm work.

Villafranca's horses panicked, however, as horses will unless carefully "acclimatized" to camel, and there were some nasty accidents. Rather than have the work of his estates upset by labor trouble, the marquis turned his camels loose. Some were killed. The descendants of those who took to the "marisma" survived.

**Vision of Cookhouse Reads Like Gulliver**

In Paul Bunyan's camp there was a great cookhouse with a kitchen like another Mammoth cave, and a dining hall wherein, under huge and lofty beams, the tables were ranged like the ranks of an army corps drawn up for parade on a plain. Here were served breakfasts of ham and eggs and hot cakes, and huge and incomparable Sunday dinners and the simpler week-day meals of which the coffee was most highly praised, writes James Stephens in the American Mercury.

Paul Bunyan invented a machine for the mixing of the hot-cake batter, so perfectly devised that paving contractors now employ small models of it for mixing cement. The range on which a battalion of cooks fried the hot cakes was greased by a ski champion from Norway, who skied to and from with sides of bacon strapped to his feet.

And that the men in the far end of the cookhouse might be served before the hot cakes cooled, the flunkies speeded on roller skates. It required a crew of 11 teamsters with teams and scrapers to keep the yard back of the cookhouse cleared of coffee grounds and egg shells.

**Kerbau's Sensitive Nose**

Malay bull fights are not like those we are accustomed to read about, a writer in the Youth's Companion tells us. The contestants are generally water buffaloes—animals that, says Mr. Carveth Wells in Asia, the Malays call kerbau.

A kerbau, or carabao, as it is often written in English, makes, continues Mr. Wells, a white man's life miserable because he does not like the white man's smell, though he doesn't mind the smell of a Chinese or a Malay. If you think you have no smell, just go near a kerbau! He not only sees you a long way off, but he instantly begins to sniff the air. Then he lays his ears back and rushes at you. I remember once being chased out of a rice field by a kerbau. The rice was growing in deep mud, and I was rushing along up to my knees, with the great animal floundering behind me. While I was shrieking for help a little Malay boy about four years old and quite naked ran up, caught the bull by the nose and led him away! Never in my life had I felt such a fool!

**Millions Now Living Will Never Die!!**

**You May Be One of Them**

That such a time would come in earth's history is the testimony of the Bible, the prophets, our Lord Jesus, and the apostles.

In the 24th chapter of Matthew our Lord Jesus mentions more than 20 events as signs to point out the time when millions living would not need to die.

This booklet examines these signs and identifies the events which in fact are transpiring before our very eyes. It cites the Bible references so you can prove the proposition for yourself.

There 17 pages of Bible citations in substantiation of the claim that millions now living will never die, together with brief words connecting the passages with the main theme.

A subject of such immediate interest to every person living is surely worth one evening's time for investigation.

128 Pages, 25c a Copy.
