Physical Education Shapes Up

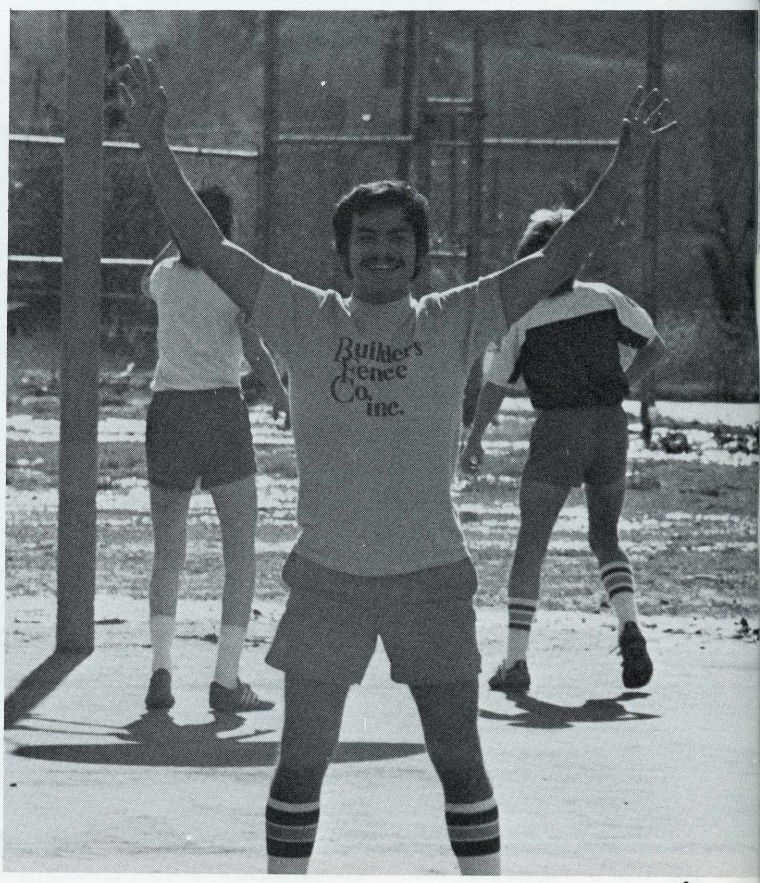

Last year, there were a lot of changes at Canyon, but there will always be the mad rush to get in the locker room, undress, get into P.E. clothes and make it to class on time. While doing this, you had to dodge snapping towels and flying bubble gum. After a good game of volleyball, basketball, flag football, swimming or tennis, it's back to the locker room, drenched with sweat, and more dodging of towels when you try to get dressed. Just when you finish, the showers come on and fill the locker room with hot steam. Just what you wanted, another exciting day in P.E.!

We've Come a Long Way

Canyon High School started out in 1968 with a one win and twenty loss basketball record. Now, ten years later, the Cowboys are competing for the first time in the Golden League. We have claimed the Golden League Championship and C.I.F. ranking with an overall record of twenty-two wins and four losses. Not only did our team claim the Golden League Championship, but also went on the semi-finals in the "AA" C.I.F. playoffs.

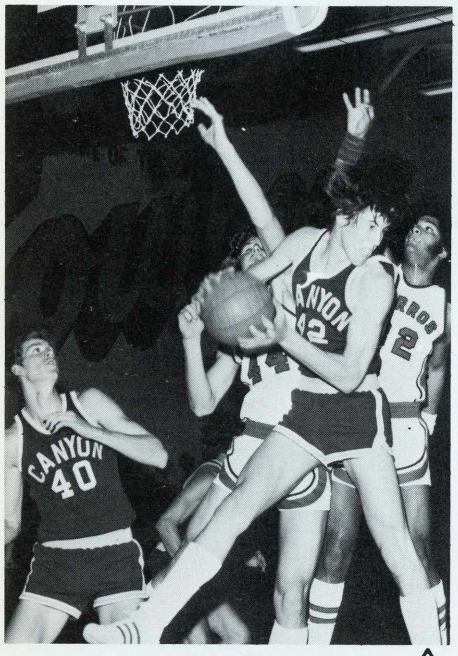

Led by seniors Jeff Barrett, Golden League's Most Valuable Player, and Dino Giacomazzi, first team All League, the Cowboys had the best record in Canyon's history.

The highlight of the year for the team was when they participated in the Kamehameha Tournament in Hawaii. The team not only caught a few waves, but took a very respectable third place in the tournament.

Girls' Basketball went down in 1978 history. It was the first time that Canyon's Varsity had gone to C.I.F. Ending the regular season with a 9 win and 3 loss record, they tied Burroughs Ridgecrest for second place. Defeating Burroughs in a play-off game, the varsity went to Los Altos H.S. to play the number one seated team. Canyon led through the 3rd and 4th quarters, but L.A. pulled away in the last minute for a ten point lead and win. Under the coaching of alumni Jean McCaslin, the team pulled together for a very successful year.

The J.V.'s also had a profitable season. Both teams gained experience and improved throughout the year. The J.V's coached by Dody Garcia also a Canyon Alumni, was known for winning close games. The Fros.-Soph., improved with every game, and were noted for being a team to never give up.

This was Cross Country's first season with a seperate girls team, and they met with great success. Coach Harvey said he expects to have a very strong girls' team next year.

Frosh Baseball Shoots for the Top

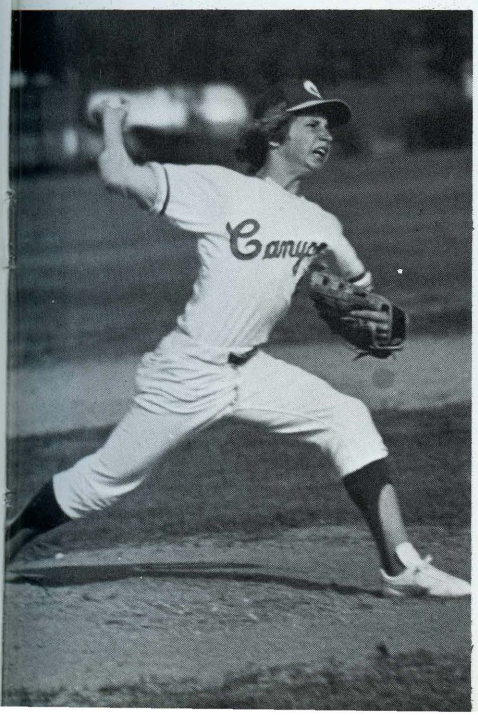

While falling a half game short of the Golden League Championship, the 1978 frosh baseball team finished with the best mark ever recorded by a freshman team at Canyon.

A mid-season slump was followed by five consecutive wins and forced the Cowboys into a tough race, a race they lost to Palmdale on the final day of the season. Nevertheless, their ten-win season was an accomplishment of which they can be proud.

Badminton, a game that requires the speed of tennis, the skill of basketball and the frustration of golf, has found a home at Canyon. Both Varsity and J.V. teams had an outstanding year, both claiming first place in the Foothill League. The J.V. ended the year losing their only match with a nine and one loss record.

ADMINISTRATION

Our Management Team

The primary purpose of the "Management Team System" was to improve communications between the personnel in the administrative staff. Improved communications meant that members of the administrative staff and the A.S.B. Director were all aware of problems involving the administration. Members of the Management Team include Mr. Jerry, Mr. Shirmer, Mr. LaPlante, Ms. Romeka, Ms. Snyder, and Ms. Noack.

Last year, the Management Team was involved with registration, Back to School Night, and other types of activities. In the future, the Management Team hopes to find ways of improving Canyon High School for students, teachers, and everyone concerned.

1) Mr. Don Jerry, Principal.
2) Mrs. Jacque Snyder, Dean.
3) Ms. Sigrid Noack, A.S.B. Director.
4) Mr. John Shirmer, Assistant Principal.
5) Mr. Joe Orozco, Supervisor.
6) Ms. Rose Romeka and Mr. Bill LaPlante, Deans.

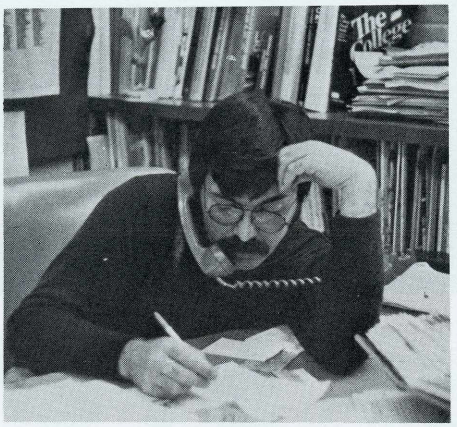

Counselors Work Under Heavy Load

The counseling staff could be found in two areas, either the "H" Building or the Administration Building. Each of the six counselors had a load of about 400 students. There was not that much opportunity for personalized counseling, and by the time registration, grad checks, and testing were completed, it became a frustration for both counselor and student. The counseling staff maintains that students are their primary concern, and they are here to help in any way.

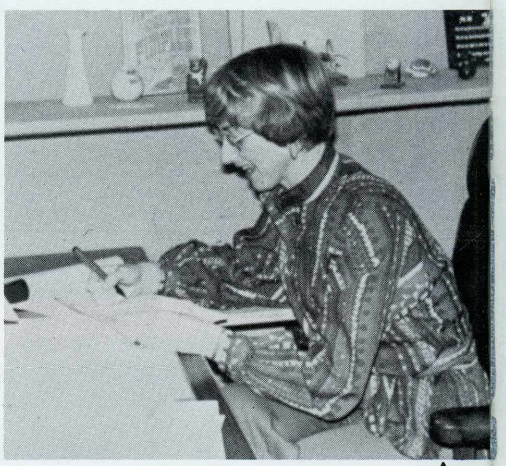

1) Ms. Bellomo works on a student's schedule.
2) Mr. Weber talks to a parent on the telephone.
3) Dr. Morris makes a credit check for a student.
4) Counselors: Left to Right: Mr. Shannon, Mr. Weber, Ms. Bellomo, Ms. Hackney, Dr. Morris, and Mr. Crathorne.
5) Mr. Shannon, counselor.

Classified Staff

The members of the Classified Staff here at Canyon High were hard working people during the past year. They not only did typing and answered phones, but they also helped students with various problems. Every student was in contact with one of the classified staff, at one time or another, for absences or just help in finding information.

1) Mrs. Schick works diligently at her paper work.
2) Classified Staff: Left to Right: Mrs. Murrillo, Mrs. Moreland, Mrs. Maurovich, Mrs. Schick, Mrs. McDowell, Mrs. Burke, Mrs. Schulte, and Mrs. Richards.
3) Mrs. Burke answers the phone.
4) Mrs. Schulte keeps the attendance record up-to-date.

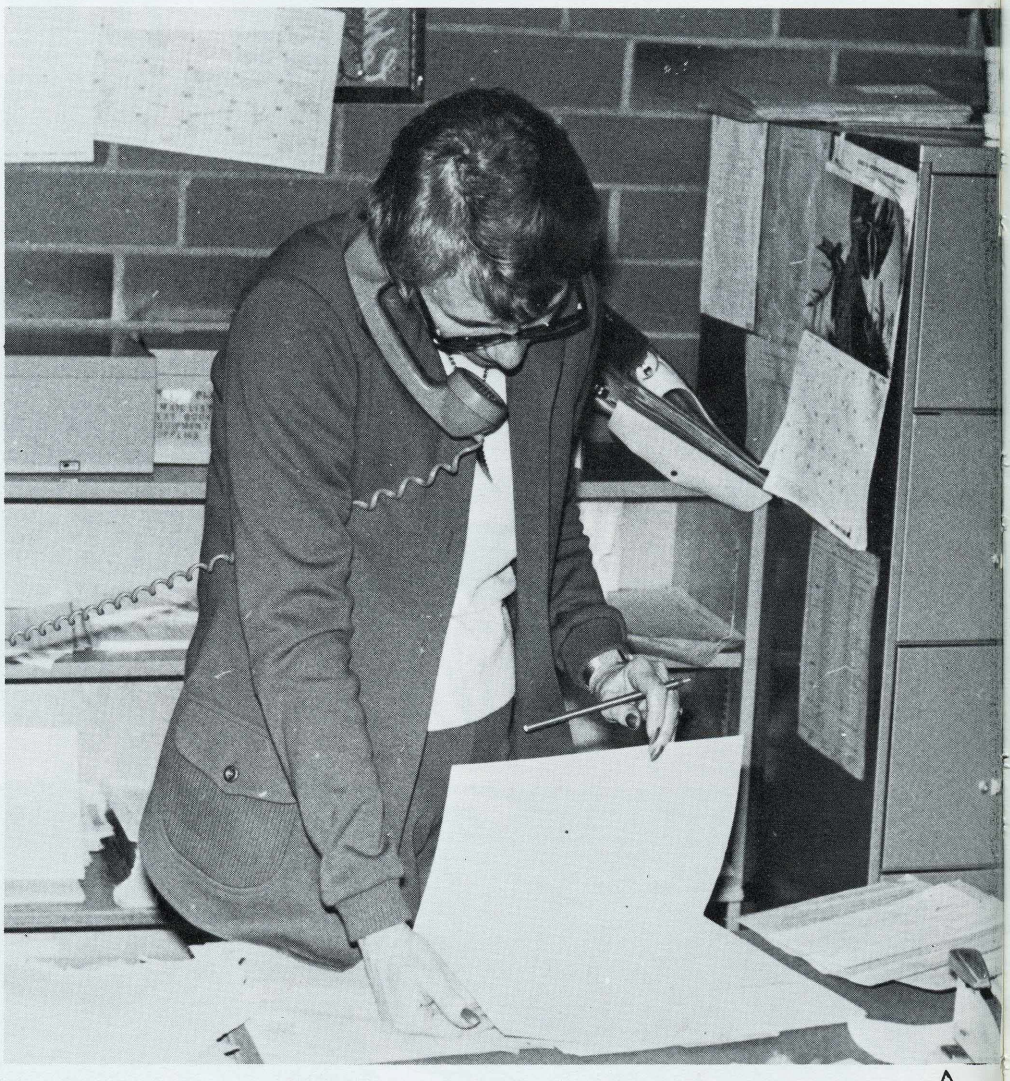

Aids

What are Aids? What do they do? An Aid is someone who helps another person get the job done well. Without aids, teachers would have so much work to do that they would not have as much time to spend with the students.

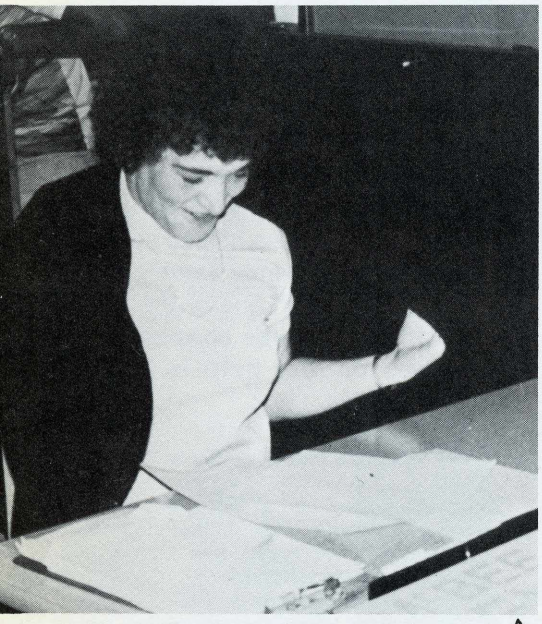

Aids take part in not only typing up tests, running off dittos, or correcting papers, but they also help students with class work. The aids are found in the core of certain buildings doing what they can to help the teachers.

1) Aids: Top to Bottom — Left to Right: Ms. Stecher, Ms. Johnson, Ms. Boe, Ms. Ambrose, Ms. Englander, Ms. Yates, Ms. Latiolait, Ms. Allsman, Ms. Hanson, Mrs. Lowder, Ms. Richardson, Ms. Gledhill, and Ms. Sellheim.
2) School nurse, Ms. Stecher, looks up student's file.
3) Ms. Haase helps out in attendance.

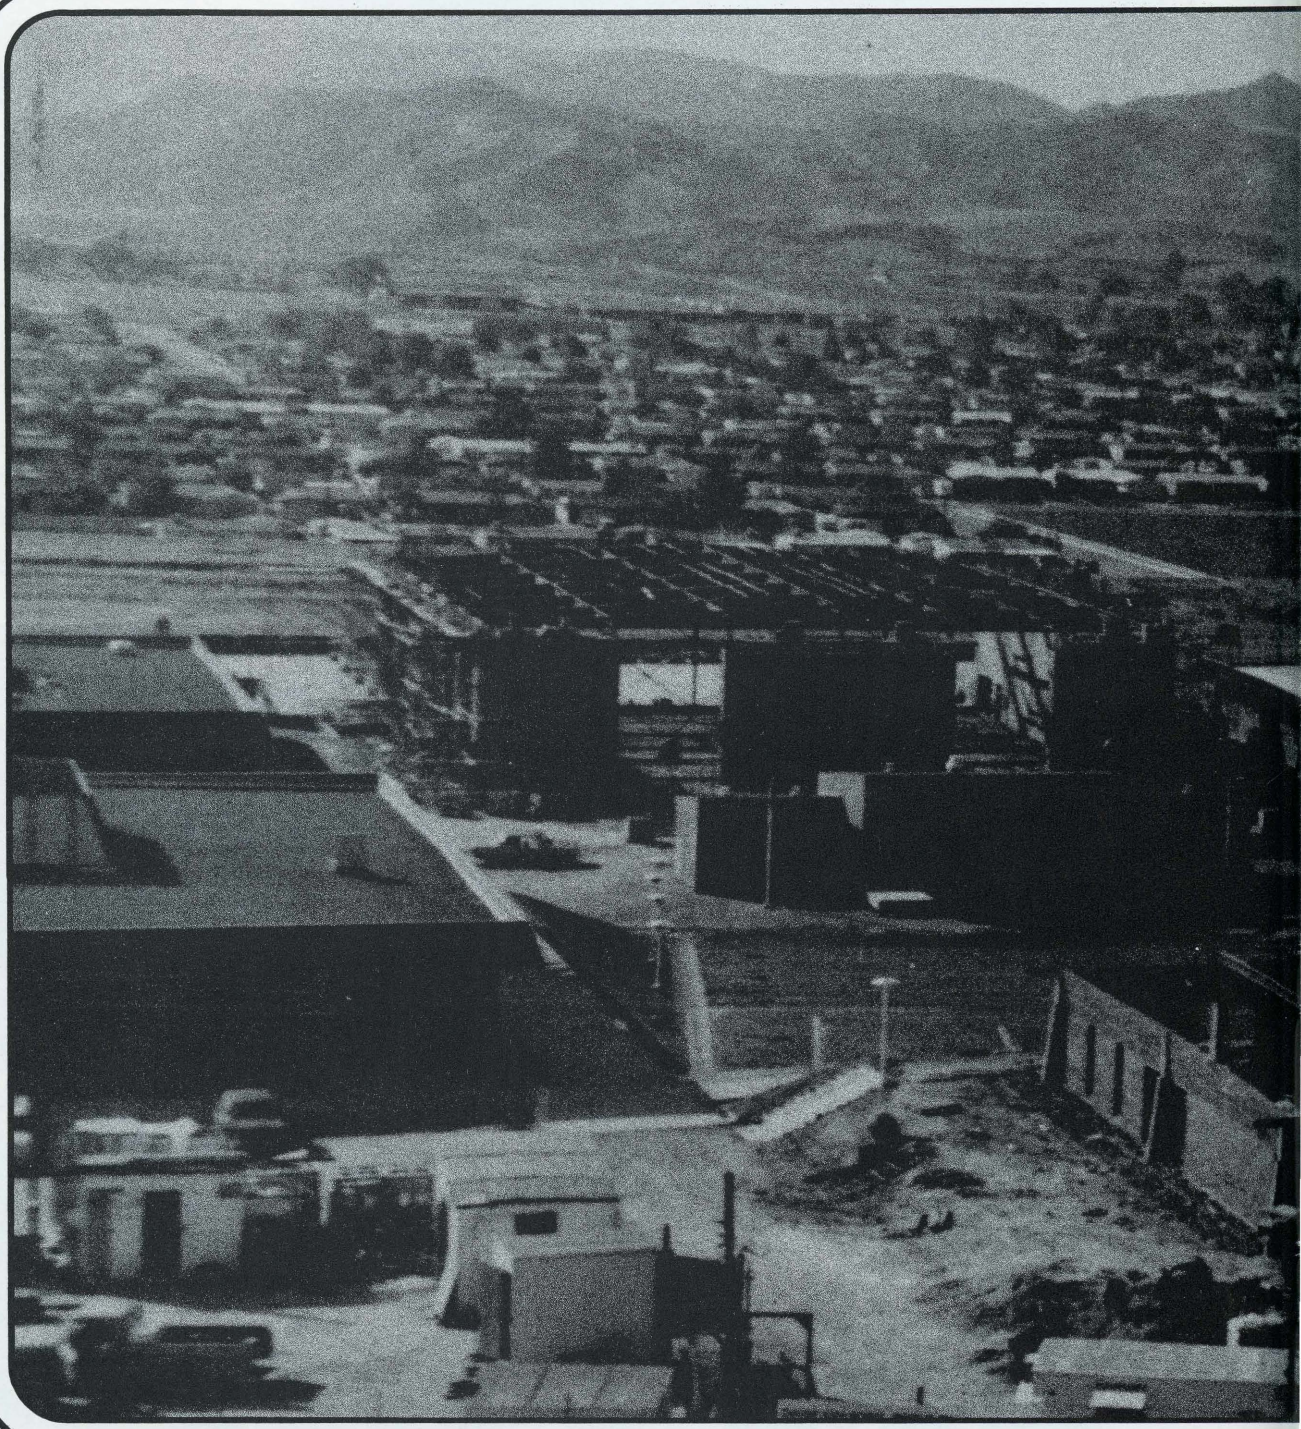

Custodians

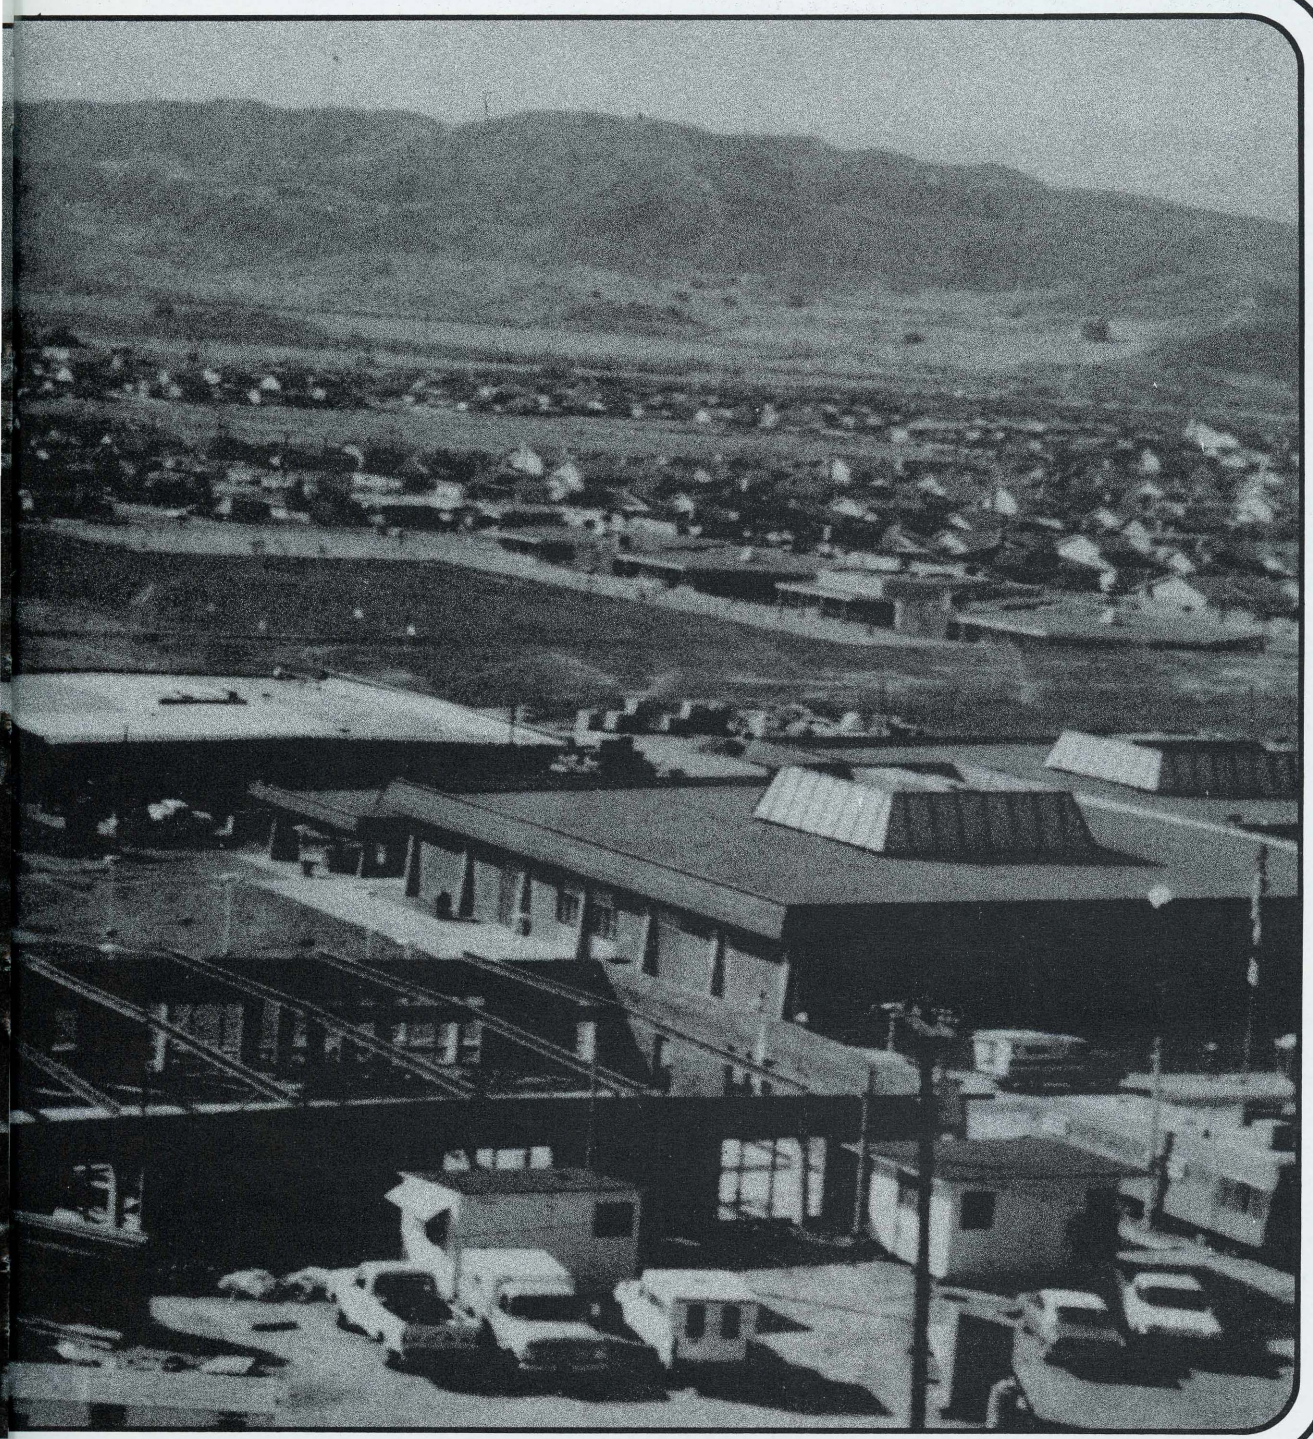

Early morning and all through the night,
The custodians make our campus look right;
Water and fertilizer cover the ground,
Bushes and trees grow all around;
The bathrooms surely are the cleanest,
our classrooms certainly are the keenest;
So Canyon's custodians deserve a hand,
They made our campus the best in the land.

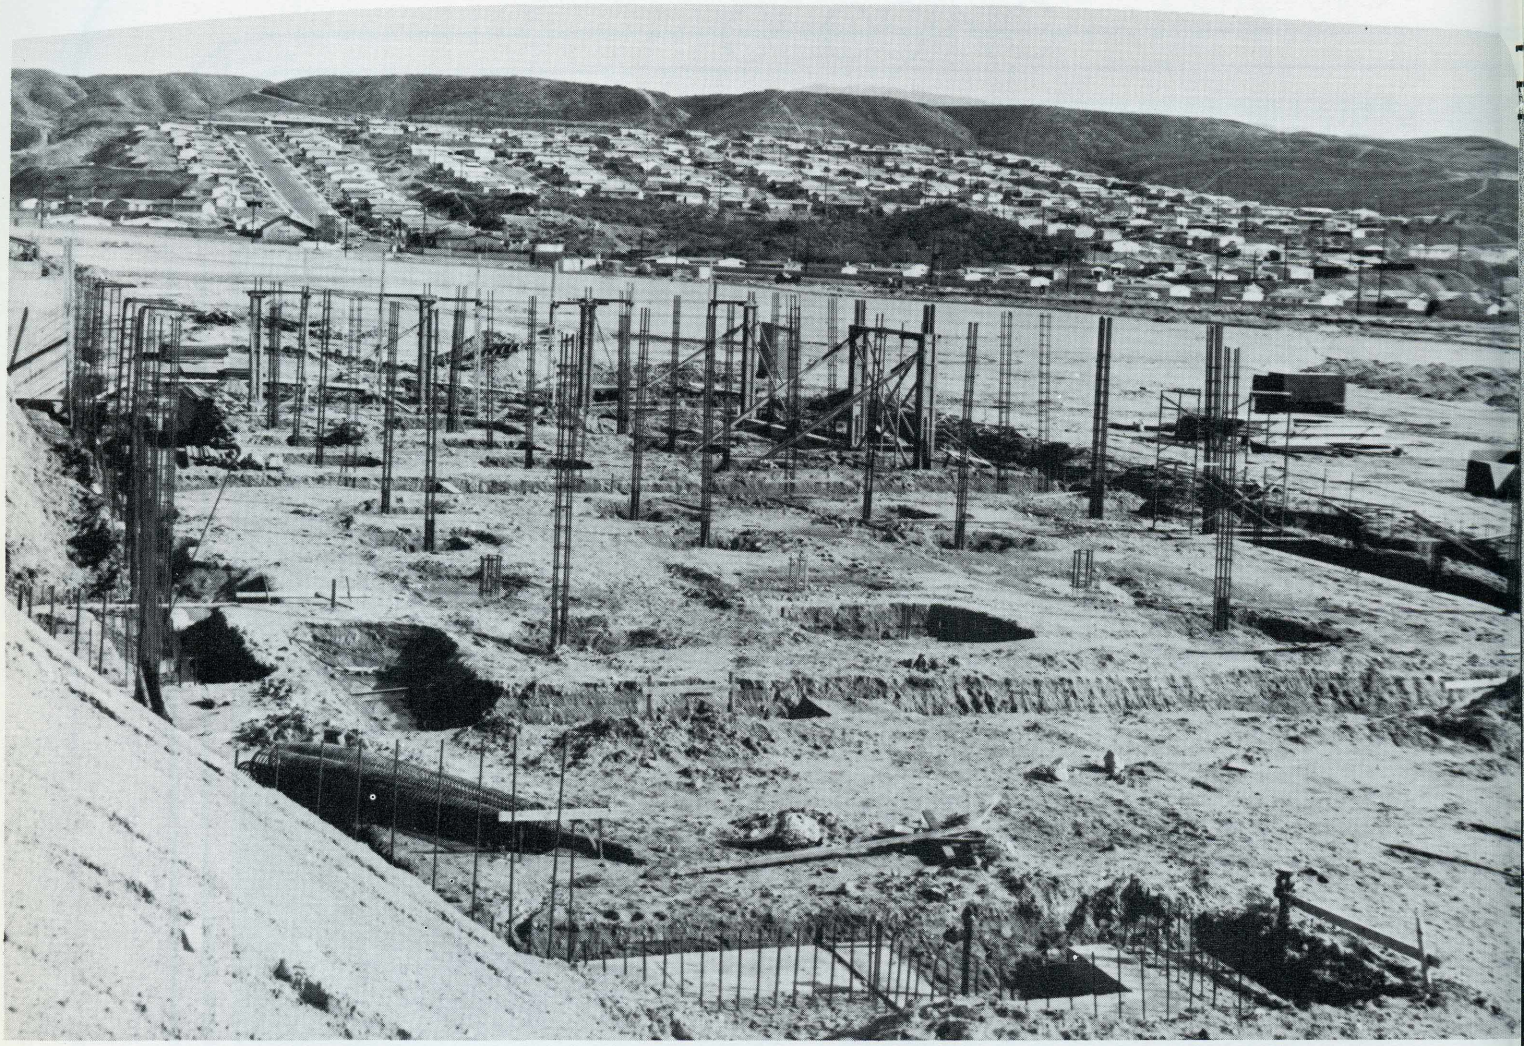

CLOSING

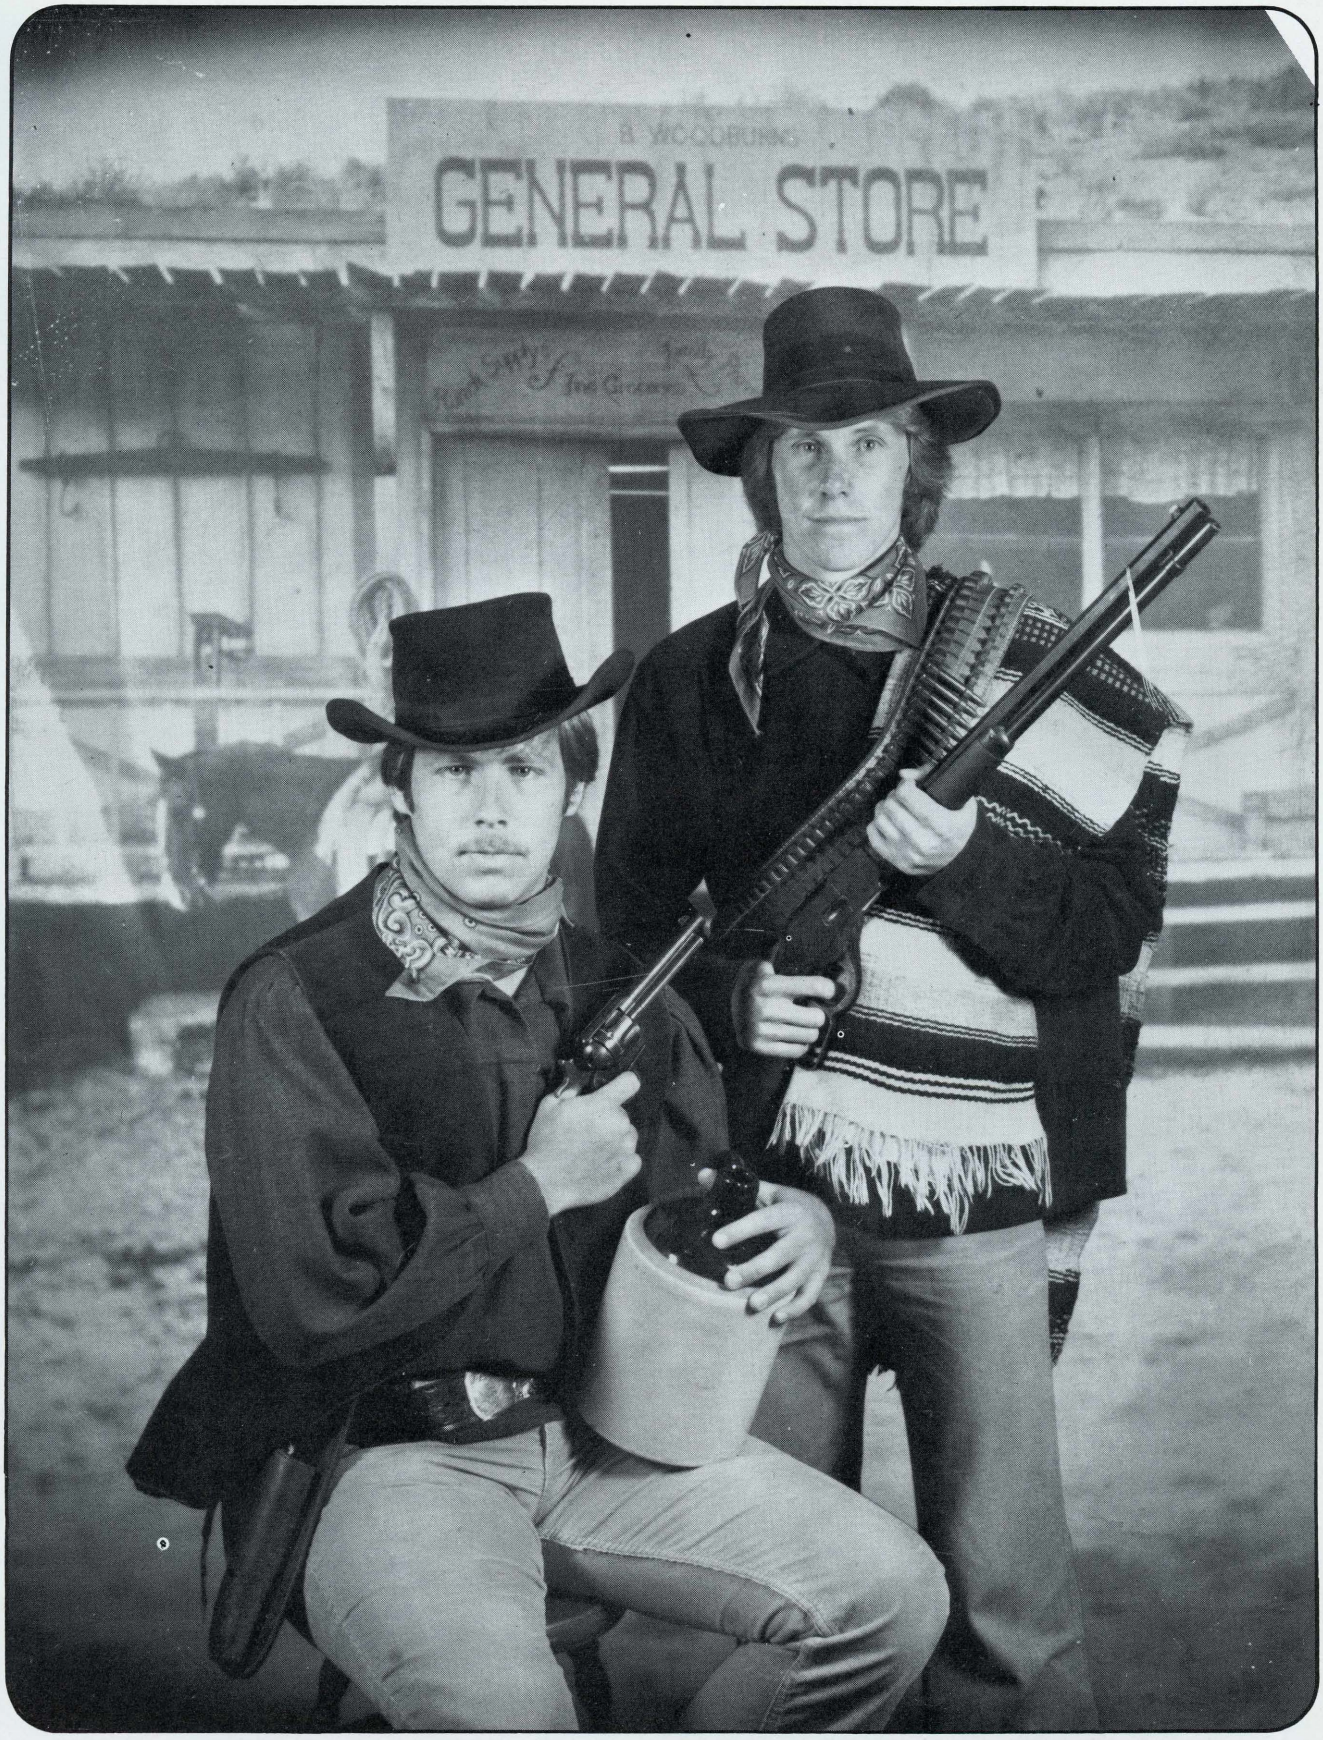

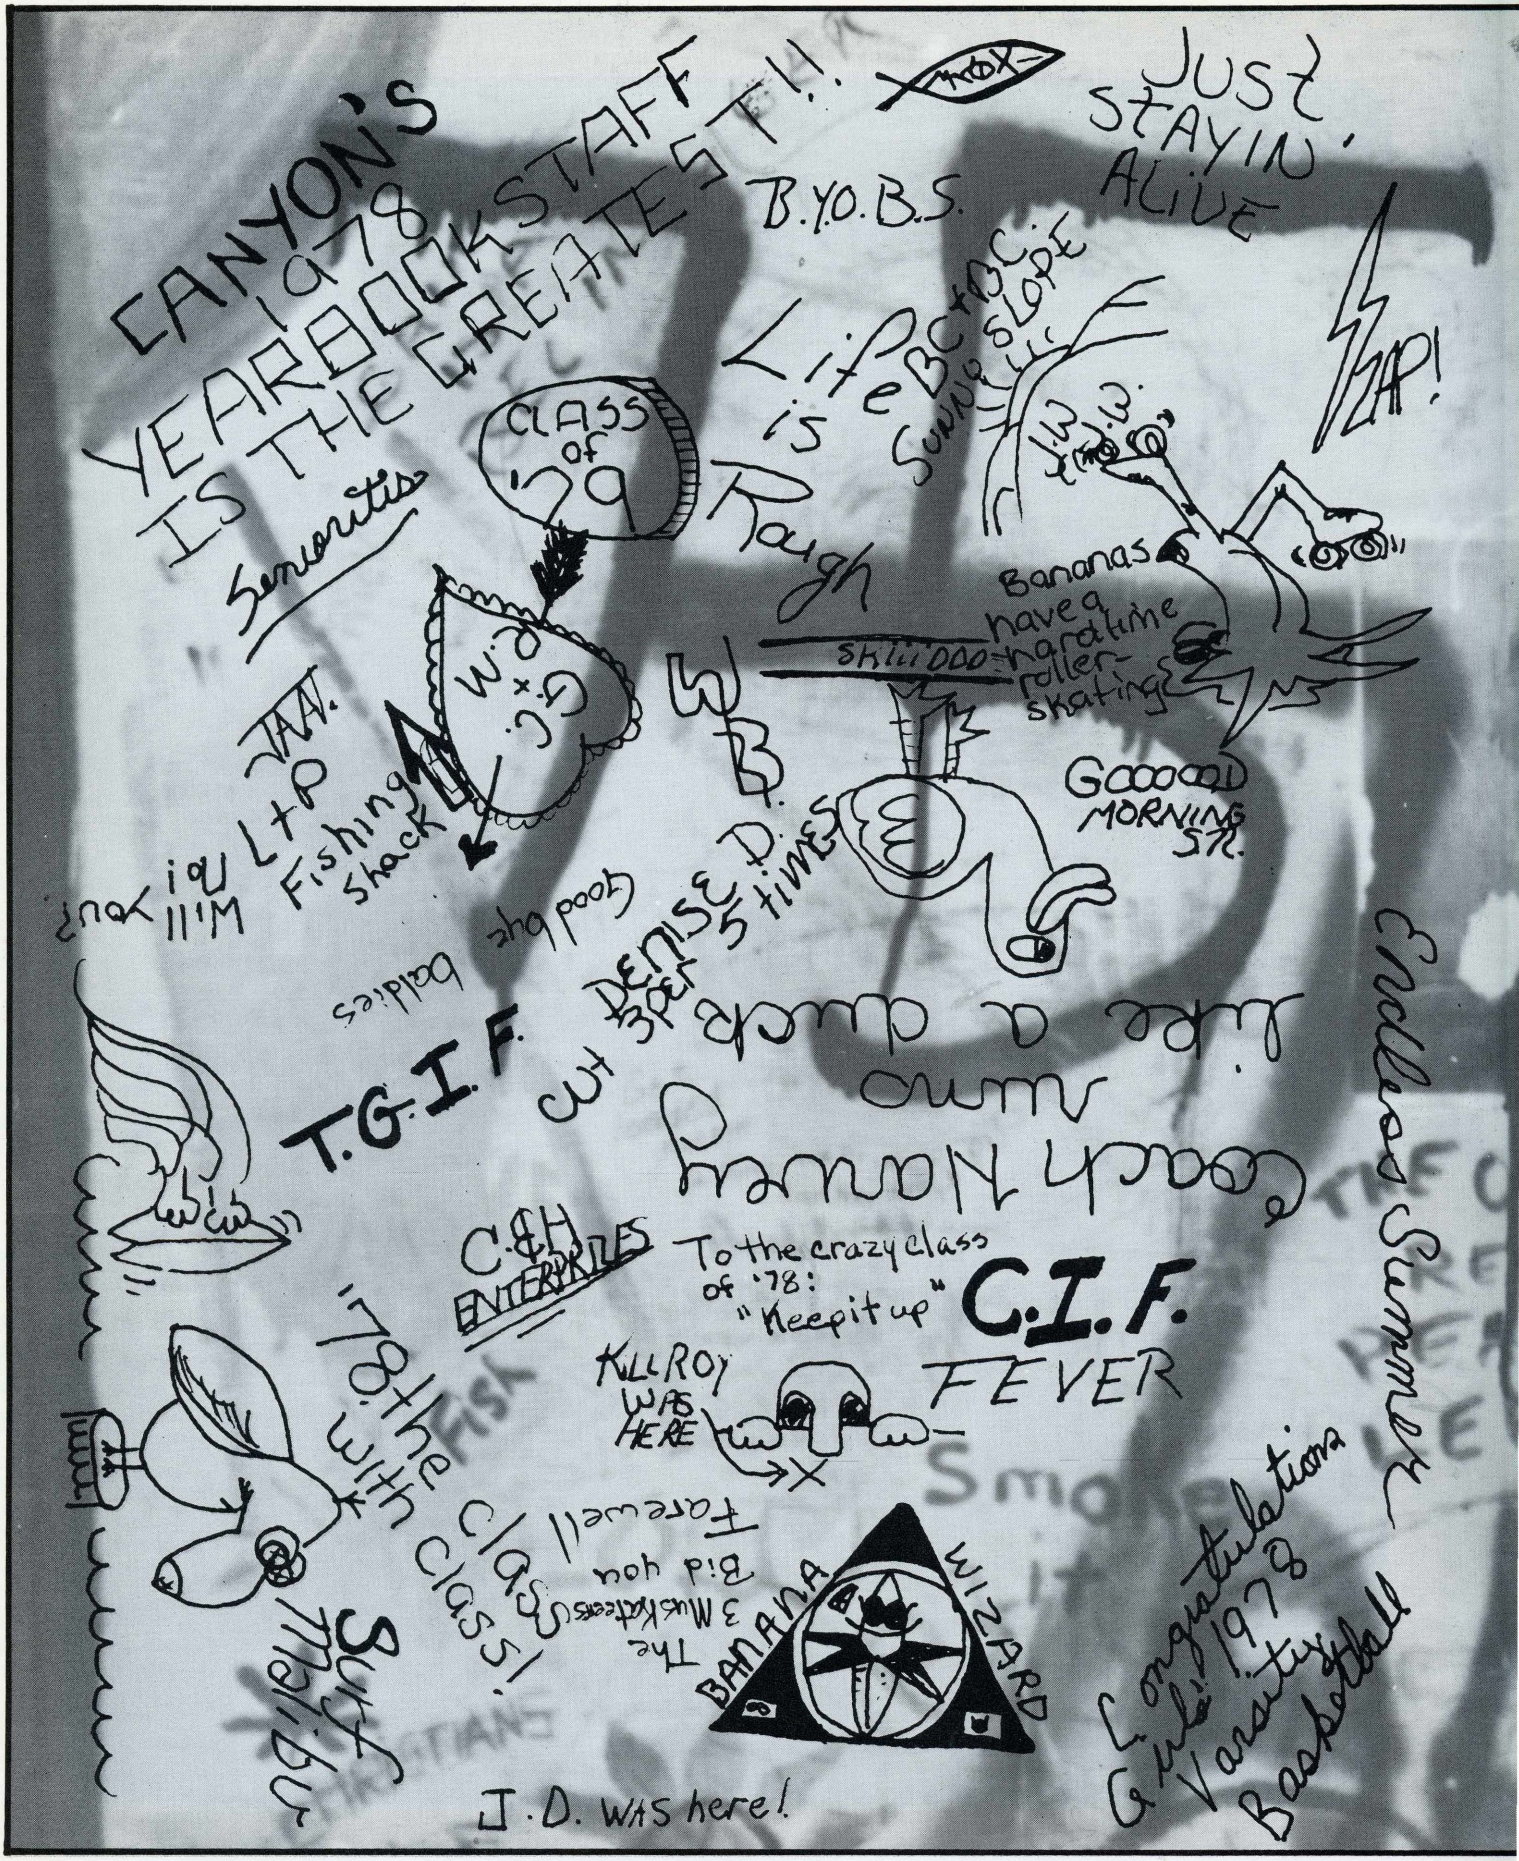

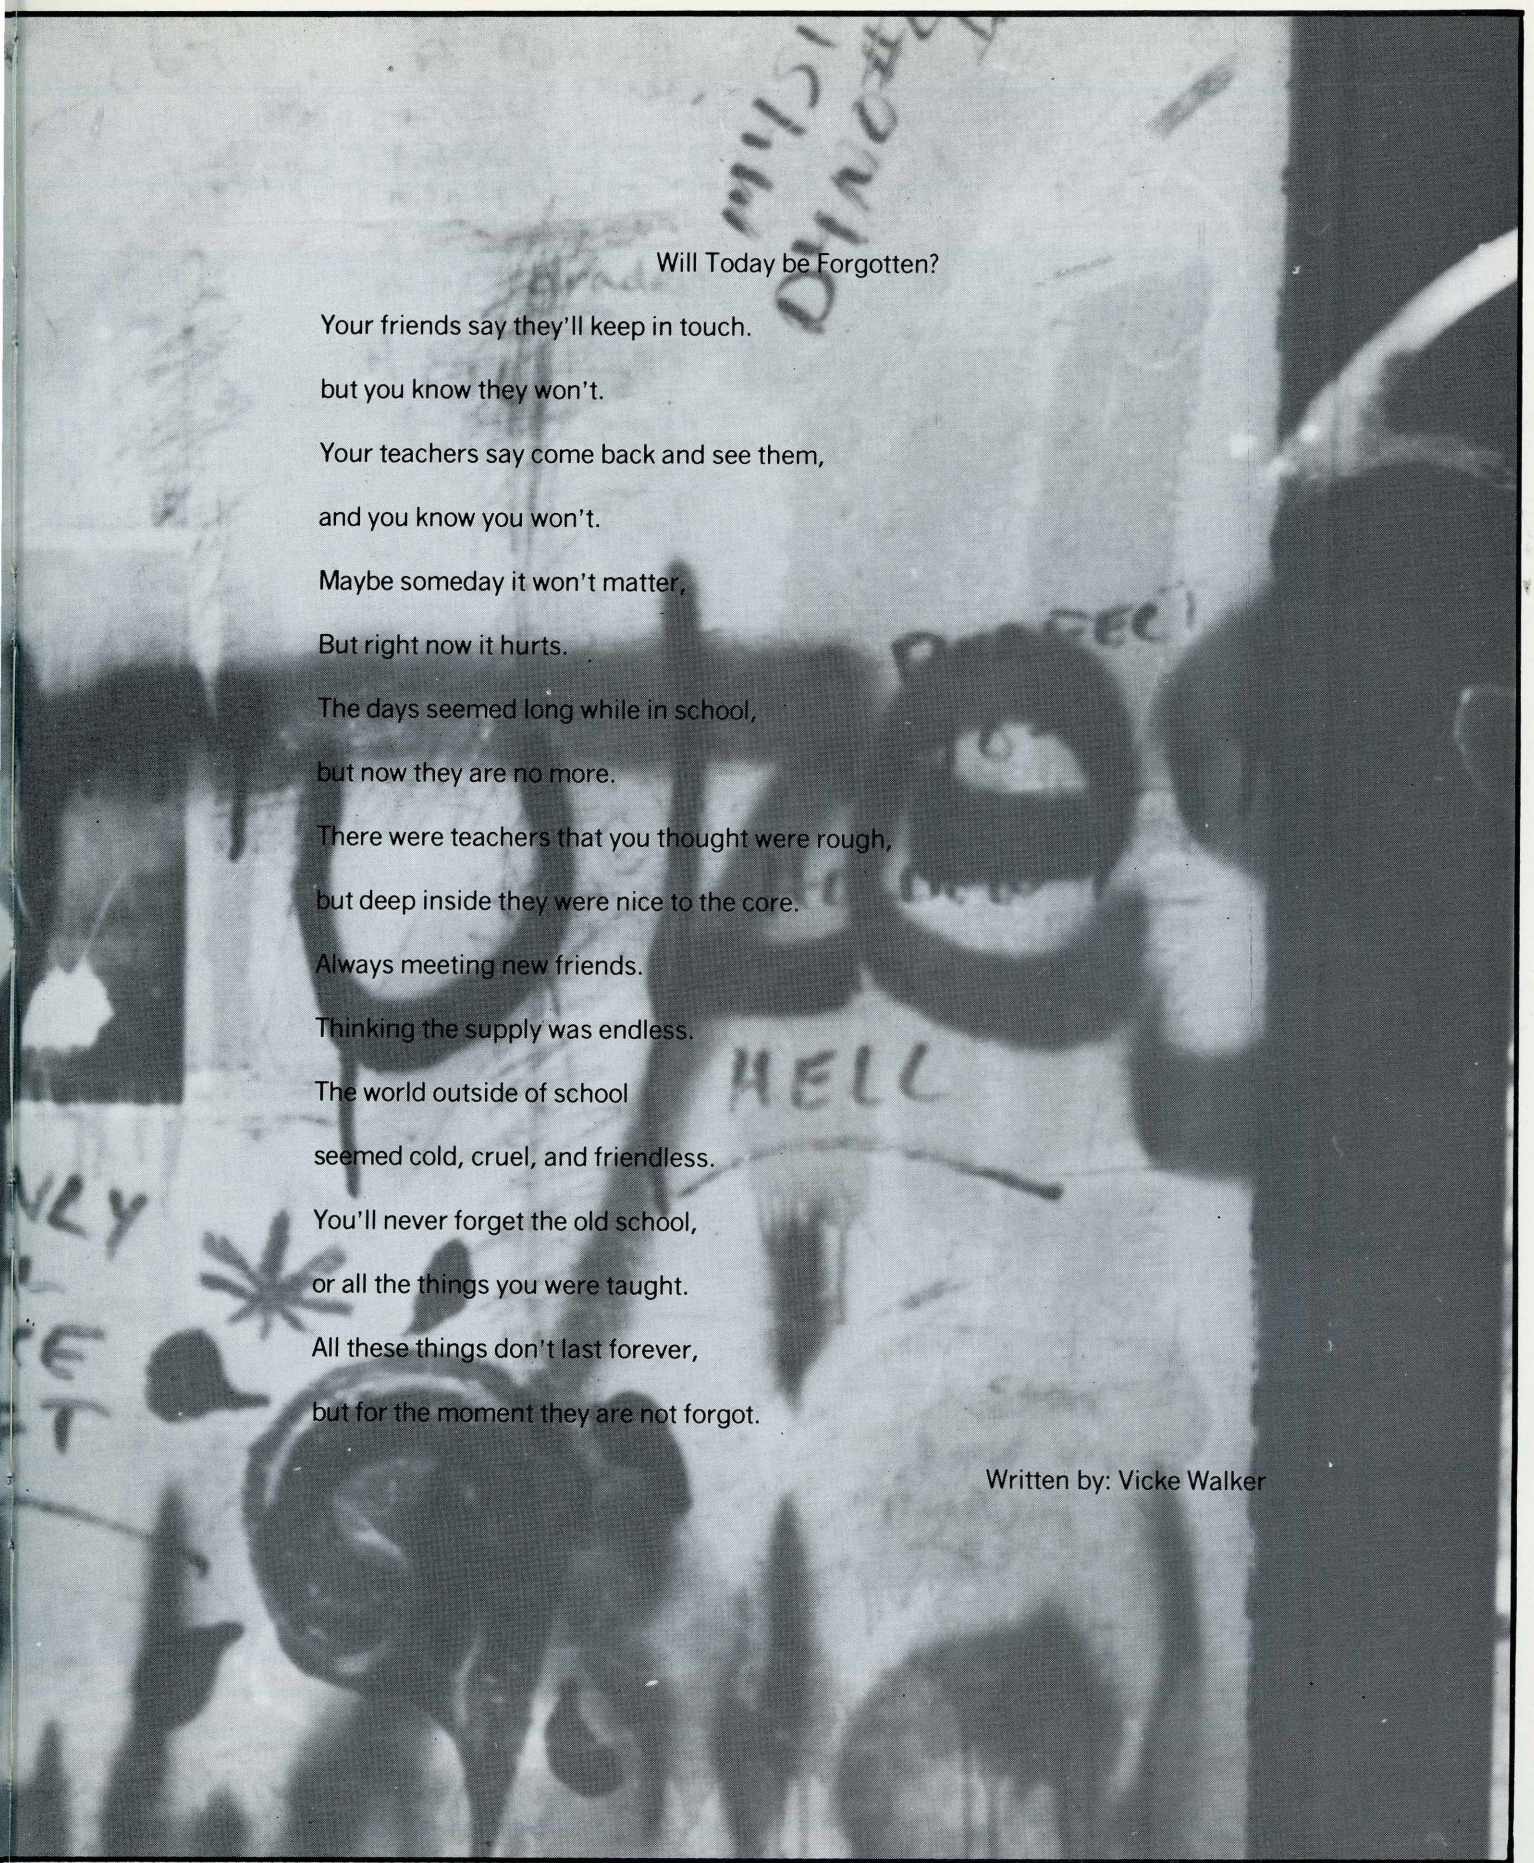

As Editors of the 1978 Trails yearbook we would like to express our gratitude to many people that worked very hard in making this publication possible. Special thanks go to: Janet Davis, Gene Klascke, Jeff Hurrell, Jim Wurst, Vicke Walker, and our inspiring Advisor Heather Selick. Our staff was the best, composed of many different personalities, but all with the intent to put out a good book.

Memories was the central theme the Trails 78 revolved around, thus we put in many pictures of "The Way We Were." Considering that this is the 10th edition of Trails and our fourth book, we incorporated new ideas such as, an all color cover, graffitti page, senior favorites, and senior panorama picture. If we sound like we have senioritis it is true. After four years of trying to produce quality yearbooks, while running into red tape, social conflicts, and deadlines, we finally feel that this is Canyon's best. At the end of the year the book was finished, a first for Canyon. Now we have to ask that important question; Is there really life after High School?

Will Today be Forgotten?

Your friends say they'll keep in touch.
but you know they won't.
Your teachers say come back and see them,
and you know you won't.
Maybe someday it won't matter,
But right now it hurts.
The days seemed long while in school,
but now they are no more.
There were teachers that you thought were rough,
but deep inside they were nice to the core.
Always meeting new friends.
Thinking the supply was endless.
The world outside of school
seemed cold, cruel, and friendless.
You'll never forget the old school,
or all the things you were taught.
All these things don't last forever,
but for the moment they are not forgot.
